

SAFETY DATA SHEET

Product Name : Menadione Sodium Bisulfite

Applicant : Mianyang Vanetta Chemical Industrial Co.,Ltd

Address : Jushui Town, Anxian, Mianyang City, Sichuan Province,
China

Signed by Shanghai ICTS Group

Written by : Carmen Chen

Date: 18th Sep. 2019

SAFETY DATA SHEET

Section 1 – Chemical Product and Company Identification

Product name: Menadione Sodium Bisulfite
Type: MSB
Manufacturer: Mianyang Vanetta Chemical Industrial Co.,Ltd
Address: Jushui Town, Anxian, Mianyang City, Sichuan Province, China
Post Code: 622656
Tel: 0816-4672622
Fax: 0816-4672622
Information in case of emergency
Contact: Jin Liu
Tel: 0816-4672622
Fax: 0816-4672622

Section 2 – Hazards Identification

Classification of the substance or mixture
Classification according to Regulation (EC) No 1272/2008[EU-GHS/CLP]
Eye irritation (Category 2), H319
Skin irritation (Category 2), H315
Acute aquatic toxicity (Category 1), H400
Chronic aquatic toxicity (Category 1), H410

Label elements

GHS Labeling according to Regulation (EC) No 1272/2008:

Hazard pictograms:

Signal word:

Warning

Hazard statement:

H315 Causes skin irritation.

H319 Causes serious eye irritation.

H400 Very toxic to aquatic life

H410 Very toxic to aquatic life with long lasting effects.

Precautionary statement(s)

Prevention:

P273 Avoid release to the environment.

Response:

P305 + P351 + P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

Dispose:

P501 Dispose of contents/ container to an approved waste disposal plant.

Other hazards:

Not applicable.

Section 3 – Composition/Information on Ingredient

Chemical name	CAS No.	Concentration (%)
Menadione sodium bisulfite	130-37-0	96

Section 4 – First Aid Measures

Skin contact:	Remove immediately any soiled or soaked clothing. Wash Skin with plenty of water and soap.
Eyes contact:	Wash open eyes immediately, abundantly and consult a doctor if needed.
Inhalation:	Remove from exposure and move to fresh air immediately. Use oxygen if available. Get medical aid.
Ingestion:	Give patients drink plenty of water to dilute stomach chemical substance. Get medical aid.

Section 5 – Fire Fighting Measures

Suitable Extinguishing Media:	Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.
Special hazards arising from the chemical:	In the event of a fire, the following substances may be formed: Carbon oxides, Sulphur oxides, Sodium oxides.
Special protective equipment for firefighters:	Firefighters must wear fire resistant protective equipment. Wear self-contained breathing apparatus.

Section 6 – Accidental Release Measures

For guidance on selection of personal protective equipment see Chapter 8 of this Material Safety Data Sheet. See Chapter 13 for information on disposal. Observe the relevant local and international regulations.

Personal precautions, protective equipment and emergency procedures:	Use personal protective equipment. Avoid dust formation. Avoid breathing vapours, mist or gas. Ensure adequate ventilation. Avoid breathing dust. For personal protection see section 8.
Environmental precautions:	Prevent further leakage or spillage if safe to do so. Do not let product enter drains. Discharge into the environment must be avoided.
Methods and materials for containment and cleaning up:	Pick up and arrange disposal without creating dust. Sweep up and shovel. Keep in suitable, closed containers for disposal.

Section 7 – Handling and Storage

Handling:	Avoid contact with skin and eyes. Avoid formation of dust and aerosols. Provide appropriate exhaust ventilation at places where dust is formed. For precautions see section 2.2.
Storage:	Store in cool place. Keep container tightly closed in a dry and well-ventilated place. Containers which are opened must be carefully resealed to prevent leakage.

Section 8 – Exposure Controls, Personal Protection

Maximum admissible concentration

No data.

Monitoring Method: No data.

Engineering Control: Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday.

Respiratory Protection: Wear self-inhalation filtertype dust respirator if the dust density exceed in the air.

Eyes Protection: Wear chemical safety goggles or face shield.

Body Protection: Impervious clothing, The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

Skin Protection: Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.

Other Protections: Clean and replace clothing after finishing work. It should wash hands and face with soap and clean water. The workplace must be strictly prohibited to fireworks and food. Pay attention to personal hygiene.

Section 9 – Physical and Chemical Properties

Appearance	White crystalline powder
Odor	No odor
Odor threshold	Not available
pH	4.5-7.0
Melting point	121-124°C
freezing point	Not available
Initial boiling point and boiling range	Not available
Flash point	Not available
Evaporation rate	Not available
Flammability	Not available
Upper explosive limit %(V/V):	Not available
Lower explosive limit %(V/V):	Not available
Vapor pressure:	Not available
Relative Vapor density(Air=1):	Not available
Relative density(Water=1):	0.65

Report No.: ICTS20190918E/16

Solubility(ies):

Soluble in water easily

Partition coefficient: n-octanol/water:

Not available

Auto-ignition temperature:

Not available

Decomposition temperature:

Not available

Viscosity:

Not available

Volatile organic compounds(VOC)

Not available

Section 10 – Stability and Reactivity

Stability: Stable under normal temperature and pressure.

Distribution of Ban: Strong acid and oxidant.

Conditions to Avoid: Exposure to light may affect product quality.

Hazardous Polymerization: No data.

Hazardous Decomposition Products: Carbon oxides, Sulphur oxides, Sodium oxides.

Section 11 – Toxicological Information

Acute Toxicity: No data available.

Sub-acute and Chronic Toxicity: No known significant effects or critical hazards.

Irritation: No known significant effects or critical hazards.

Sensitization: Prolonged or repeated exposure may cause allergic reactions in certain sensitive individuals.

Mutagenicity: No known significant effects or critical hazards.

Carcinogenicity: IARC: 3 - Group 3: Not classifiable as to its carcinogenicity to humans (Menadione sodium bisulfite).

Others: Not available.

Section 12 – Ecological Information

Ecotoxicity:	No data available.
Biodegradable:	No known significant effects or critical hazards.
Non-biodegradable:	No known significant effects or critical hazards.
Bioconcentration or biological accumulation:	No known significant effects or critical hazards.
Other harmful effects:	No.

Section 13 – Disposal Considerations

Waste treatment methods	Offer surplus and non-recyclable solutions to a licensed disposal company. Dissolve or mix the material with a combustible solvent and burn in a chemical incinerator equipped with an afterburner and scrubber.
Disposal notice:	Disposal area must comply with the environment and national safety standard.

Section 14 – Transport Information

UN Number: ADR, IMDG, IATA	UN 3077
UN proper shipping name: ADR, IMDG, IATA	Environmentally Hazardous Substance, Solid, N.O.S. (Menadione Sodium Bisulfite)
Transport hazard class(es): ADR, IMDG, IATA	9
Packing group: ADR, IMDG, IATA	III
Environmental hazards:	Yes
Special precautions for user:	EHS-Mark required (ADR 2.2.9.1.10, IMDG code 2.10.3) for single packagings and combination packagings containing inner packagings with Dangerous Goods > 5L for liquids or > 5kg for solids.

Section 15 – Regulatory Information

Safety, health and environmental regulations/legislation specific for the substance or mixture

CAS No.	USA	EU	Australia	Korea	China	Canada
	TSCA	EINECS	AICS	ECL	IECSC	DSL
130-37-0	Listed	Listed	Listed	Listed	Listed	Listed

Remark: The above-mentioned search results are based on the Non-Confidential Inventory.

Chemical Safety Assessment

For this product a chemical safety assessment was not carried out.

Section 16 – Additional Information

SDS Creation Date: 18 Sep. 2019

This SDS was prepared sincerely on the basis of the information we could obtained, however, any warranty shall not be given regarding the data contained and the assessment of hazards and toxicity. Prior to use, please investigate not only the hazards and toxicity information but also the laws and regulations of the organization, area and country where the products are to be used, which shall be given the first priority. Products are supposed to be used promptly after purchase in consideration of safety. Some new information or amendments may be added afterwards. If the products are to be used far behind the expected time of use or you have any questions, please feel free to contact us. The stated cautions are for normal handling only. In case of special handling, sufficient care should be taken, in addition to the safety measures suitable for the situation. All chemical products should be treated with the recognition of "having unknown hazards and toxicity", which differ greatly depending on the conditions and handling when in use and/or the conditions and duration of storage. The products must be handled only by those who are familiar with specialized knowledge and have experience or under the guidance of those specialists throughout use from opening to storage and disposal. Safe usage conditions shall be set up on each user's own responsibility.
