

MATERIAL SAFETY DATA SHEET

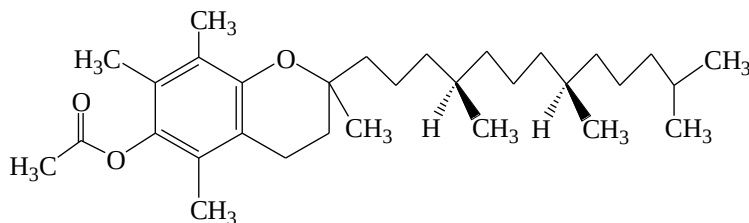

Vitamin E 50% Powder

1. Product Identification and Use

Product name	Vitamin E 50% Powder
Company information	Manufacturer JIANGXI TIANXIN PHARMACEUTICAL CO.,LTD. Address: Le'anjiang Industrial Zone, Leping, Jiangxi, 333300, China Tel / Fax: +86-798-6702928
Emergency telephone	+86-13651606360 Kyle Wang (王万源), Intl. Business Manager

2. Composition / Information on Ingredients

Active ingredient	DL-alpha-Tocopheryl Acetate
Synonyms	Vitamin E Acetate Alpha-Tocopheryl Acetate
CAS No.	7695-91-2
EINECS No.	231-710-0
Molecular formula	$C_{31}H_{52}O_3$
Molecular weight	472.74 g/mol
Constitution	

Carrier	Silicon dioxide
---------	-----------------

3. Hazards Identification

No ingredients are hazardous according to OSHA criteria.
Not a hazardous substance or mixture covered by GHS.

4. First Aid Measures

If inhaled

If breathed in	Move person into fresh air.
If not breathing	Give artificial respiration.

In case of

Skin contact	Wash off with soap and plenty of water.
Eye contact	Flush eyes with water as a precaution.

If swallowed	Never give anything by mouth to an unconscious person. Rinse mouth with water.
--------------	---

5. Fire Fighting Measures

Suitable extinguishing media	Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.
------------------------------	--

Special hazards arising from the substance	Carbon oxides
--	---------------

Protection of fire-fighters	Precipitate gases / vapors / mists with water spray. Wear self-contained breathing apparatus for firefighting if necessary.
-----------------------------	---

6. Accidental Release Measures

Personnel protection	Avoid breathing vapours, mist or gas. For personal protection see section 8.
----------------------	--

Environmental protection	Do not allow to enter drains or waterways.
--------------------------	--

Methods for cleaning up	Collect solids (avoid dust formation) and hand over to waste removal.
-------------------------	---

7. Handling and Storage

Handling	Wash thoroughly after handling, remove contaminated clothing and wash before reuse. Avoid contact with eyes, skin, and clothing. Avoid ingestion and inhalation. Avoid prolonged, or repeated, skin contact.
----------	---

Storage	Preserve in a well ventilated dry place, protected from light.
---------	--

8. Exposure Controls / Personal Protection

Control parameters	Contains no substances with occupational exposure limit values.
--------------------	---

Engineering controls	General industrial hygiene practice.
----------------------	--------------------------------------

Personal protective equipment	
-------------------------------	--

Respiratory protection	In case of open handling of larger quantities or accidental release: particle mask or respirator with independent air supply.
------------------------	---

Hand protection	Protective gloves
-----------------	-------------------

Eye protection	Safety glasses
----------------	----------------

Body protection	Impervious clothing
-----------------	---------------------

9. Physical and Chemical Properties

Color	Almost white to yellowish
-------	---------------------------

Physical state	Powder or granular powder
----------------	---------------------------

Odor	Almost odorless
------	-----------------

Solubility	Insoluble in water, soluble in ethanol.
------------	---

Boiling point	224 °C at 0.4 hPa
---------------	-------------------

Relative density	0.953 g/cm ³ (bulk) at 25 °C
------------------	---

10. Stability and Reactivity

Conditions to avoid	Light and humidity.
---------------------	---------------------

Materials to avoid	Strong oxidants
--------------------	-----------------

11. Toxicological Information

Toxicity data	LD ₅₀ >10,000 mg/kg (oral, rat-male and female) LD ₅₀ >3,000 mg/kg (dermal, rat-male and female)
---------------	---

Skin/eye irritation	No.
---------------------	-----

Germ cell mutagenicity	In vitro assay, S.typhimurium: negative. Mutagenicity (micronucleus test), mouse-male: negative.
------------------------	---

Repeated dose toxicity	No observed adverse effect level-500 mg/kg (rat, male and female).
------------------------	--

12. Ecological Information

Biodegradability	Aerobic- exposure time 28 d. Result: 17% - not readily biodegradable.
Ecotoxicity to:	
fish	LC ₅₀ (96 h) 19 mg/L – Oncorhynchus mykiss (rainbow trout)
daphnia and other	EC ₅₀ (48 h) 20.6 mg/L – Daphnia magna (water flea)
aquatic algae	EC ₅₀ (72 h) 27.8 mg/L – Pseudokirchneriella subcapitata (selenastrum capricornutum)

13. Disposal Considerations

Product	Offer surplus and non-recyclable solutions to licensed disposal company.
---------	--

14. Transport Information

Note	Not classified by transport regulations.
------	--

15. Regulatory Information

GB/T 7293-2006	Feed additive - Vitamin E Powder
GB 10648	Labeling for feed

16. Other Information

Use	Feed additive, animal nutrition
-----	---------------------------------
