Material Safety Data Sheet

Zinc Sulfate Feed Grade

Section 1-Chemical Product and Company Identification

Product Name: Zinc Sulfate Feed Grade

Applicant: Chengdu Sustar Feed Co.,Ltd.

ADD: NO.147 QINGPU ROAD, SHOUAN TOWN, PUJIANG COUNTY,CHENGDU CITY,SICHUAN PROVINCE.

TEL: +86 028-85001642

FAX: +86 028-85001642

Section 2-Hazard Identification

Fatalness grade: In accordance with Directive 2001/ 58/EC, the product does not belong to dangerous article.

Invasion route: Skin, eyes, inhalation, ingestion.

Health Hazards: The dust irritates skin, eyes and cause stimulation to respiratory system. Inhalation or ingestion may cause delayed reaction.

Environment hazards: Influence to the water environment.

Burn & burst danger: The product is non-flammable.

Section 3-Composition/Information of Ingredients

Composition:

	Chemical Name	Percent
7733-02-0	ZnSO ₄	≥94.7%
7439-92-1	Pb	≤10 ppm
7440-43-9	As	≤5 ppm
7440-43-9	Cd	≤10 ppm

The investment in animal nutrition technology and the commitment to personnel's training, enable Sustar's products unforgettable.
Our mission is to provide high quality, customized service that fully meets our client's needs.

Section 4-First Aid Measures

Skin touch: Flush with plenty of water.

Eyes touch: Lifting the eyelids, flush with plenty of water or saline water. Get medical aid.

Inhalation: Remove the patient to fresh air. If breathing is difficult, get medical aid.

Ingestion: Drink sufficient hot water and induce vomiting. Get medical aid.

Section 5-Fire Fighting Measures

Danger characteristic: This product does not burn. The decomposition may release poisonous gases by high temperature.

Harmful combustion products: Sulfur oxide, etc.

Fire-Fighting method & media: Move the containers to empty place as far as possible. Extinguisher: Foam, dry powder, CO₂, sandy soil.

Section 6-Accidental Release Measures

Emergency treatment: The emergency treatment personnel should wear dust mask and generally work overalls. Don't direct contact with the leak things. Small leak: Sweep. Massive divergence: Shift into the tanker or the special collector.

Section 7-Handling and Storage

Handling: With closed operation. Prevent dust released into the air. The operating staff must have received special training and abide by the operating regulations. Avoid produce the dust. Prevent it into restrictive space such as sewer pipes, ditch.

Storage: Keep the sample in the cool, well-ventilated place. Keep dry and away from fire and heating sources. Keep the container closed. The storage place should be equipped with devices for divergence handling and suitable materials.

Section 8-Exposure Controls, Personal Protection

Maximum admissible concentration: No standard yet.

Monitoring Methods: Not available.

Engineering controls: The workplaces need to install ventilation device.

Respiratory protection: Wear the self-inhalation filter type dust respirator when the dust concentration exceeds that in air.

Eyes Protection: Wear safety protective glasses. **Body protection:** Wear work clothes.

Hands Protection: Wear rubber gloves.

Other Protections: No dining or drinking water in the workplace. Keep good habit of hygiene.

The investment in animal nutrition technology and the commitment to personnel's training, enable Sustar's products unforgettable.
Our mission is to provide high quality, customized service that fully meets our client's needs.

Section 9-Physical and Chemical Properties

Flash point: Not available.

Appearance: White particles. Odorless.

Melting point: 100°C

Absorption wavelength: Not available.

Boiling point: >500°C.

Density: 1.957 g/cm

PH Value: Not available.

Section 10 -Stability and Reactivity

Stability: Stable under normal temperatures or pressure.

Distribution of Ban: Not available.

Conditions to Avoid: Avoid contact with strong oxidant.

Hazardous Polymerization: Not available.

Hazardous Decomposition Products: Not available.

Section 11-Toxicological Information

Acute Toxicity: Not available.

Sub-acute and Chronic Toxicity: High concentration and long time contact can cause skin and lung disease.

Irritation: The dust irritates skin, eyes and cause stimulation to respiratory system.

Sensitization: Not available.

Mutagenicity: Not available.

Carcinogenicity: Not available.

Section 12-Ecological Information

Eco-toxicity: None.

Ecological inert: Not available.

Biodegradable: Not available.

Non-biodegradable: Not available.

Bioconcentration or biological accumulation: Not available.

Other harmful effects: S light influence on the water environment.

Section 13-Disposal Considerations

Nature of waste: Not available.

Waste disposal methods: Refer to National or Local regulations before handling.

Attention abandoned: Not available.

Section 14-Transport Information

The investment in animal nutrition technology and the commitment to personnel's training, enable Sustar's products unforgettable.
Our mission is to provide high quality, customized service that fully meets our client's needs.
Feed Every Ounce With Love

Number of dangerous goods:None.

UN Number: None.

Packaging Mark: Not available.

Packaging Method: 25 kg/bag. Use combined paper and plastic bag.

Transport Attentions: Examine whether the package of the containers are integrate before transport. No collapse, no precipitation or no damage during the course of transportation. Don't put the goods together with chief food or chemicals.

Section 15 -Regulatory Information

Regulatory Information: None.

Section16-Additional Information

References: None.

Guidance departments: Not available.

Data audit unit: Not available.

Laws Help: None.
