

Material Safety Data Sheet

Product name: Vitamin A Acetate 500 CWS GF

Product code: SLAF13

Current version: 1.4, issued: Jan.26,2021 **Replaced version:** 1.3, issued: Feb.28,2020

Section 1. Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier:

Product name: Vitamin A Acetate 500 CWS GF
Product code: SLAF13
Brand: NHU
CAS No.: 127-47-9
EC No.: 204-844-2

1.2 Relevant identified uses of the substance or mixture and uses advised against:

Relevant identified uses of the substance or mixture:

Vitamins feed additives.

1.3 Details of the supplier of the safety data sheet:

Company

Zhejiang NHU CO. Ltd

Address

High-tech Industry Zone (Second),
Xinchang, Zhejiang, P. R. China, 312532

Tel: +86-575-86039932

Fax: +86-575-86165366

E-Mail: sales@cnhu.com

Website: <http://www.cnhu.com/>

1.4 Emergency telephone number:

Please contact the regional NHU representation in your country.

Section 2. Hazard identification

2.1 Classification of the substance or mixture

Classification according to Regulation(EC) No 1272/2008 (CLP):

Repr.1B; H360

For the full text of the H-Statements mentioned in this Section, see Section16.

Classification according to Hazard Communication Standard (29 CFR 1910.1200)

Toxic to reproduction; Category 1B

2.2 Label elements

Labelling according to Regulation (EC) No 1272/2008 (CLP Regulation):

Hazard Pictograms

Material Safety Data Sheet

Product name: Vitamin A Acetate 500 CWS GF

Product code: SLAF13

Current version: 1.4, issued: Jan.26,2021 Replaced version: 1.3, issued: Feb.28,2020

GHS08

Signal Word Danger

Hazardous component(s) to be indicated on label:

Vitamin A acetate

Hazard Statements

H360 May damage fertility or the unborn child.

Precautionary Statements

P201 Obtain special instructions before use.

P280 Wear protective gloves/protective clothing/eye protection/face protection.

P308+P313 IF exposed or concerned: Get medical advice/attention.

P501 Dispose of contents/container in accordance with local and national regulations.

Supplemental label elements

"Restricted to professional users"

Labelling according to Hazard Communication Standard (29 CFR 1910.1200)

Hazard Pictograms

Signal Word Danger

Hazardous component(s) to be indicated on label:

Vitamin A acetate

Hazard Statements

May damage fertility or the unborn child.

Precautionary Statements

Obtain special instructions before use.

Material Safety Data Sheet

Product name: Vitamin A Acetate 500 CWS GF

Product code: SLAF13

Current version: 1.4, issued: Jan.26,2021 **Replaced version:** 1.3, issued: Feb.28,2020

Do not handle until all safety precautions have been read and understood.

Wear protective gloves/protective clothing/eye protection/face protection.

If exposed or concerned: Get medical advice/attention.

Store locked up.

Dispose of contents/container in accordance with local regulation.

Supplemental label elements

"Restricted to professional users"

2.3 Other hazards

No data available

Section 3.Composition and information on ingredients

3.1 Substances

Not applicable. The product is not a substance.

3.2 Mixtures

Chemical characterization

Vitamin A acetate in modified starch.

Hazardous ingredients

No	Substance name			Additional information
	CAS/EC	Classification(EC) 1272/2008(CLP)	Classification HCS 2012	Concentration(%,b.w.)
1	Vitamin A acetate			
	127-47-9 204-844-2	Repr.1B; H360D Aquatic Chronic. 4; H413	Repr.1B Aquatic Chronic 4; H413	17.8-19.6
2	Sucrose			
	57-50-1 200-334-9	----	----	4.0-4.5

Full text for all R-phrases, H-phrases and EUH-phrases: pls. see section16.

(* , ** , *** , ****) Detailed explanation pls. refer to CLP regulation No. 1272/2008, annex VI, 1.2

Additional ingredients

No	Substance name	CAS Number	Concentration(%,b.w.)
1	Modified starch	68070-94-0	34.5-36.0
2	Maltodextrin	9050-36-6	30.0-31.5
3	Sodium ascorbate	134-03-2	1.5-2.5
4	Vegetable oil	8001-30-7	5.0-5.5

Material Safety Data Sheet

Product name: Vitamin A Acetate 500 CWS GF

Product code: SLAF13

Current version: 1.4, issued: Jan.26,2021 Replaced version: 1.3, issued: Feb.28,2020

5	BHT	128-37-0	1.5-2.0
6	Silicon dioxide	7631-86-9	0.2-1.0

Section 4. First aid measures

4.1 Description of first aid measures:

General information:

In case of persisting adverse effects, consult a physician.

In case of inhalation:

Fresh air. Get medical attention if pain still persists.

In case of eye contact:

In case of contact with eyes rinse thoroughly with water. If symptoms persist, seek medical advice.

In case of skin contact:

In case of contact with skin wash off immediately with copious amounts of water.

In case of ingestion:

If swallowed drink plenty of water and seek medical treatment. Induce vomiting if patient is conscious, seek medical advice.

4.2 Most important symptoms and effects, both acute and delayed

No data available

4.3 Indication of any immediate medical attention and special treatment needed

No data available

Section 5. Fire-fighting measures

5.1 Extinguishing media:

Suitable extinguishing media :

Water spray, alcohol-resistant foam, dry extinguishing media or carbon dioxide.

Unsuitable extinguishing media:

No data available.

5.2 Special hazards arising from the substance or mixture:

Combustion products of this material have to be classed invariably as respiratory poison.

5.3 Advice for firefighters:

Fire-fighting operations, rescue and clearing work under effect of combustion and smoulder gases just may be done with breathing apparatus.

Section 6. Accidental release measures

Material Safety Data Sheet

Product name: Vitamin A Acetate 500 CWS GF

Product code: SLAF13

Current version: 1.4, issued: Jan.26,2021 **Replaced version:** 1.3, issued: Feb.28,2020

6.1 Personal precautions, protective equipment and emergency procedures:

For non-emergency personnel

Avoid dust formation.

For emergency responders

Personal protective equipment (PPE) – see Section 8.

6.2 Environmental precautions:

Do not allow to enter drains or waterways. Do not discharge into the drains/surface waters/groundwater.

6.3 Methods and material for containment and cleaning up:

Take up mechanically and send for disposal.

6.4 Reference to other sections:

No data available.

Section 7. Handling and storage

7.1 Precautions for safe handling:

Advice on safe handling

Avoid the formation and deposition of dust

General protective and hygiene measures

Do not inhale dust. Do not eat, drink or smoke during work time. Keep away from foodstuffs and beverages. Wash hands and skin before breaks and after work.

Advice on protection against fire and explosion

Dust can form an explosive mixture with air.

7.2 Conditions for safe storage, including any incompatibilities:

Technical measures and storage conditions

Keep container tightly closed and dry in a cool, well-ventilated place.

Recommended storage temperature

Value <15°C

Requirements for storage rooms and vessels

Always keep in containers of same material as the original one. Containers which are opened must be carefully closed and kept upright to prevent leakage.

Advice on storage assembly

Store the foodstuffs separately.

7.3 Specific end use(s):

No data available.

Section 8. Exposure controls/Personal protection

Material Safety Data Sheet

Product name: Vitamin A Acetate 500 CWS GF

Product code: SLAF13

Current version: 1.4, issued: Jan.26,2021 Replaced version: 1.3, issued: Feb.28,2020

8.1 Control parameters:

INGREDIENT DATA:

Source	Ingredient	TWA	STEL	Peak	Notes

8.2 Exposure controls

Appropriate engineering controls:

No data available.

Individual protection measures, such as personal protective equipment:

Eye/face protection:

Safety glasses (EN 166).

Hand protection:

Protective gloves required. Chemical resistant protective gloves complying with EN 374 are suitable. Adhere to the manufacturer's instructions for use because of the great number of glove types. Before use, the protective gloves should be tested in any case for its specific work-station suitability (i.e. mechanical resistance, product compatibility and antistatic properties). Adhere to the manufacturer's instructions and information relating to the use, storage, care and replacement of protective gloves. Protective gloves shall be replaced immediately when physically damaged or worn. Design operations thus to avoid permanent use of protective gloves.

Respiratory protection:

In case of dust formation, use a fine dust face mask. Respiratory protection mask with combination filter A/P2.

Other

Normal chemical work clothing.

Material Safety Data Sheet

Product name: Vitamin A Acetate 500 CWS GF

Product code: SLAF13

Current version: 1.4, issued: Jan.26,2021 **Replaced version:** 1.3, issued: Feb.28,2020

Environmental exposure controls:

No data available

Section 9. Physical and chemical properties

9.1 Information on basic physical and chemical properties:

Physical state:

Solid

Form /Colour:

Powder/ Light yellow.

Formula:

$C_{22}H_{32}O_2$

Molecular Weight:

328.49 g/mol

Odour:

No data available

Odour threshold:

No data available

pH value:

No data available

Melting point/range(°C):

No data available

Boiling point/range(°C):

No data available

Decomposition point/decomposition range:

No data available

Flash point:

Open cup:

No data available

Closed cup:

No data available

Auto-ignition temperature:

No data available

Flammability(solid, gas):

No data available

Lower flammability or explosive limits:

No data available

Upper flammability or explosive limits:

Material Safety Data Sheet

Product name: Vitamin A Acetate 500 CWS GF

Product code: SLAF13

Current version: 1.4, issued: Jan.26,2021 **Replaced version:** 1.3, issued: Feb.28,2020

No data available

Vapour pressure:

No data available

Vapour density:

No data available

Evaporation rate:

No data available

Relative Density:

No data available

Solubility in water:

Dispersible.

Solubility(ies):

No data available

Partition coefficient: n-octanol /water:

No data available

Viscosity:

No data available

9.2 Other information:

Granularity :

100% Through Sieve No.20 (US)

≥90.0%Through Sieve No.60 (US)

≥45.0%Through Sieve No.100 (US)

Loss on drying:

≤5.0%

Bulk density:

No data available

Surface tension:

No data available

Explosive properties:

No data available

Oxidising properties:

No data available

Section 10. Stability and reactivity

10.1 Reactivity:

No data available.

Material Safety Data Sheet

Product name: Vitamin A Acetate 500 CWS GF

Product code: SLAF13

Current version: 1.4, issued: Jan.26,2021 Replaced version: 1.3, issued: Feb.28,2020

10.2 Chemical stability:

Stable under normal handling and storage conditions described in section 7.

10.3 Possibility of hazardous reactions:

No data available.

10.4 Conditions to avoid:

Heat, naked flames and other ignition sources.

10.5 Incompatible materials:

Strong bases; strong acids; strong oxidizing agents.

10.6 Hazardous decomposition products:

Carbon monoxide and carbon dioxide.

Section 11. Toxicological information

11.1 Information on toxicological effects

Acute oral toxicity (result of the ATE calculation for the mixture)	
No	Product Name
1	Vitamin A Acetate 500 CWS GF
Remarks	The result of the applied calculation method according to the European Regulation (EC) 1272/2008 (CLP), Paragraph 3.1.3.6, Part 3 of Annex I is outside the values that imply a classification/labelling of this mixture according to table 3.1.1 defining the respective categories (ATE oral >2000 mg/kg)

Acute oral toxicity			
No	Substance Name	CAS no.	EC no.
1	Vitamin A acetate	127-47-9	204-844-2
LD50	> 2000 mg/kg bodyweight		
Species	rat		
with reference to	CAS 7069-42-3		
Method	OECD 401		
Source	ECHA		

Acute dermal toxicity
No data available
Acute inhalational toxicity
No data available
Skin corrosion/irritation

Material Safety Data Sheet

Product name: Vitamin A Acetate 500 CWS GF

Product code: SLAF13

Current version: 1.4, issued: Jan.26,2021 Replaced version: 1.3, issued: Feb.28,2020

No data available
Serious eye damage/irritation
No data available
Respiratory or skin sensitisation
No data available
Germ cell mutagenicity
No data available
Reproduction toxicity
No data available
Carcinogenicity
No data available
STOT-single exposure
No data available
STOT-repeated exposure
No data available
Aspiration hazard
No data available
Other information
Highly effective pharmaceutical agent.

Section 12. Ecological information

12.1 Toxicity:

Toxicity to fish (acute)
No data available
Toxicity to fish (chronic)
No data available
Toxicity to Daphnia (acute)
No data available
Toxicity to Daphnia (chronic)
No data available
Toxicity to algae (acute)
No data available
Toxicity to algae (chronic)
No data available
Bacteria toxicity
No data available

Material Safety Data Sheet

Product name: Vitamin A Acetate 500 CWS GF

Product code: SLAF13

Current version: 1.4, issued: Jan.26,2021 Replaced version: 1.3, issued: Feb.28,2020

12.2 Persistence and degradability:

Biodegradability			
No	Substance Name	CAS no.	EC no.
1	Vitamin A acetate	127-47-9	204-844-2
Duration		28 day(s)	
Method		OECD 301 B	
Source		ECHA	
Evaluation		Not readily biodegradable	

12.3 Bioaccumulative potential:

No data available

12.4 Mobility in soil:

No data available

12.5 Results of PBT & vPvB assessment:

No data available

12.6 Other adverse effects:

No data available

12.7 Other information:

Do not let enter the product into drains or waterways and do not store on public depositories.

Section 13. Disposal considerations

13.1 Waste treatment methods:

Packaging:

Contaminated packaging should be emptied as far as possible and after appropriate cleansing may be taken for reuse. Packaging that cannot be cleaned should be disposed of in agreement with the regional waste disposal company.

Section 14. Transport information

14.1 Transport ADR/RID/ADN

The product is not subject to ADR/RID/AND regulations.

14.2 Transport IMDG

The product is not subject to IMDG regulations.

14.3 Transport ICAO-TI/IATA

The product is not subject to ICAO-TI/IATA regulations.

14.4 Other information

Material Safety Data Sheet

Product name: Vitamin A Acetate 500 CWS GF

Product code: SLAF13

Current version: 1.4, issued: Jan.26,2021 **Replaced version:** 1.3, issued: Feb.28,2020

No data available

14.5 Environmental hazards

Information on environmental hazards, if relevant, please see 14.1-14.3.

14.6 Special precautions for user

No data available

14.7 Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not relevant

Section 15. Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

EU regulations

Regulation (EC) No 1907/2006 (REACH) Annex XIV (List of substances subject to authorisation)

According to the data available and/or specifications supplied by upstream suppliers, this product does not contain any substances considered as substances requiring authorisation as listed on Annex XIV of the REACH regulation (EC) 1907/2006.

REACH candidate list of substances of very high concern (SVHC) for authorisation

According to available data and the information provided by preliminary suppliers, the product does not contain substances that are considered substances meeting the criteria for inclusion in annex XIV (List of Substances Subject to Authorisation) as laid down in Article 57 and article 59 of REACH (EC) 1907/2006.

Regulation (EC) No 1907/2006 (REACH) Annex XVII: RESTRICTIONS ON THE MANUFACTURE, PLACING ON THE MARKET AND USE OF CERTAIN DANGEROUS SUBSTANCES, PREPARATIONS AND ARTICLES

According to the data available and/or specifications supplied by upstream suppliers, this product does not contain any substances requiring authorisation as listed on Annex XIV of the REACH regulation (EC) 1907/2006.

Restriction of occupation

Observe employment restrictions for child bearing mothers and nursing mothers.

Council Directive 96/82/EC on the control of major-accident hazards involving dangerous substances

Remarks Annex I, part 1+2: not mentioned. With regard to possibly appropriate decomposition products see Chapter 10.

Material Safety Data Sheet

Product name: Vitamin A Acetate 500 CWS GF

Product code: SLAF13

Current version: 1.4, issued: Jan.26,2021 Replaced version: 1.3, issued: Feb.28,2020

US regulations

Vitamin A acetate(127-47-9) is found on the following regulatory lists	"US Toxic Substances Control Act (TSCA) - Chemical Substance Inventory" List.
Sucrose (57-50-1) is found on the following regulatory lists	"US - Alaska Limits for Air Contaminants" List. "US - Hawaii Air Contaminant Limits" List. "US - Idaho - Limits for Air Contaminants" List. "US - Wyoming Toxic and Hazardous Substances Table Z1 Limits for Air Contaminants" List. "US Toxic Substances Control Act (TSCA) - Chemical Substance Inventory" List.
Maltodextrin(9050-36-6) is found on the following regulatory lists	"US - Alaska Limits for Air Contaminants" List. "US - Hawaii Air Contaminant Limits" List. "US - Idaho - Limits for Air Contaminants" List. "US - Wyoming Toxic and Hazardous Substances Table Z1 Limits for Air Contaminants" List. "US Toxic Substances Control Act (TSCA) - Chemical Substance Inventory" List.
BHT (128-37-0) is found on the following regulatory lists	"US - Alaska Limits for Air Contaminants" List. "US - Hawaii Air Contaminant Limits" List. "US Toxic Substances Control Act (TSCA) -Chemical Substance Inventory" List.
Silicon dioxide (7631-86-9) is found on the following regulatory lists	"US - Idaho - Toxic and Hazardous Substances- Mineral Dust" List. "US - Hawaii Air Contaminant Limits" List. "US - Wyoming Toxic and Hazardous Substances Table Z-3 Mineral Dusts" List. "US - Idaho - Limits for Air Contaminants" List. "US - Washington Toxic air pollutants and their ASIL, SQER and de minimis emission values" List. "US - Alaska Limits for Air Contaminants" List. "US Toxic Substances Control Act (TSCA) – Chemical Substance Inventory" List.

15.2 Chemical safety assessment

No data available.

Section 16. Other information

Material Safety Data Sheet

Product name: Vitamin A Acetate 500 CWS GF

Product code: SLAF13

Current version: 1.4, issued: Jan.26,2021 **Replaced version:** 1.3, issued: Feb.28,2020

16.1 Full text of R-, H- and EUH-phrases drawn up in sections 2 and 3 (provided not already drawn up in these sections):

Repr.	Reproductive toxicity
H302	Harmful if swallowed
H360D	May damage the unborn child.
H413	May cause long lasting harmful effects to aquatic life.

16.2 Other information:

HMIS® ratings

Health: 4
Flammability: 1
Physical hazard: 0

NFPA ratings

Health: 4
Flammability: 1
Instability: 0

16.3 Further information

The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. This safety data sheet should be used in conjunction with technical sheets. It does not replace them. The information is based on our current knowledge however it does not represent a guarantee of product properties nor does it create any legal obligation. NHU Corporation shall not be held liable for any damage resulting from handling or from contact with the above product.
