

VIVABASE GREEN 2WS LIQUID.

Revision: 02

Revision date 16/07/2023

SECTION 1: Identification of the substance/mixture and of the company/undertaking		
1.1	Product identifier	VIVABASE GREEN 2WS LIQUID
1.2	Relevant identified uses of the substance or mixture and uses advised against	
	Relevant identified uses:	Use as the dyeing for the particle board, OSB, MDF and Paper industry.
1.3	Details of the supplier of the safety data sheet	
	Company:	VIV INTERCHEM 22 Sukhumvit 42, Sukhumvit Rd, Prakanong, Klongtoey, Bangkok 10110 Telephone: +662 712 1044 E-mail address: thasanaprapha@vivgroup.com
1.4	Emergency telephone number	
	International emergency number:	Telephone: 02-7094600-4 #214

SECTION 2: Hazards Identification		
2.1	Classification of the substance according to Regulation (EC) No: 1272/2008 i.e., CLP regulation	
	Classification according Regulation (EC) No: 1272/2008	This product is not classified according to Regulation (EC) No. 1272/2008
	Classification according Regulation (EC) No: 67/548/EEC or 199/45/EC	This product is not classified according to Regulation (EC) No: 67/548/EEC or 199/45/EC
2.2	Label elements: Labeling according to Regulation (EC) No 1272/2008 (CLP regulation)	
	Labeling according Regulation (EC) No: 1272/2008	This product is not classified according to Regulation (EC) No. 1272/2008
	Signal word	Void
	Hazard statements	Void
	Precautionary statements	Use general precautionary measures such as hand gloves, goggles, protective mask etc to be used while handling. Do not release into the environment.
2.3	Other hazards: Results of PBT and vPvB assessment	
	No possibility of dust explosion hazard	
	PBT:	No data available for the mixture
	vPvB:	No data available for the mixture
	Endocrine disrupting property	None of the constituent in the mixture is classified for endocrine disrupting property

VIVABASE GREEN 2WS LIQUID.

Revision: 02

Revision date 16/07/2023

SECTION 3: Composition/information on ingredients

3.1	Chemical characterization: Mixture consisting of the following dangerous and non-dangerous components:	
	Chemical name:	Basic Green Preparation

SECTION 4: First aid measures

4.1	Description of first aid measures	
	General information:	In case of expose take initial precautionary measures mentioned below and if Uneasiness persists, immediately consult a doctor.
	After inhalation:	Remove to fresh air, if not breathing give artificial respiration. If breathing is difficult, give oxygen and get immediate medical attention
	After skin contact:	After contact with skin, wash immediately with plenty of water and soap. Get medical attention if irritation occurs.
	After eye contact:	In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.
	After swallowing:	Rinse out mouth and then drink plenty of water. Do not induce vomiting.
	Information for doctor:	Treat symptomatically and supportively
4.2	Most important symptoms and effect, both acute and delayed	No data available

SECTION 5: Firefighting measures

5.1	Extinguishing media	
	Suitable extinguishing media:	- Foam. - Carbon dioxide - Water spray or fog Fight larger fires with water spray or alcohol resistant foam.
	Unsuitable extinguishing media:	No relevant information available.
5.2	Special hazards arising from the substance	Specific hazards during firefighting Hazardous gases/vapours may be released.
5.3	Advice for fire fighters	
	Protective equipment:	Wear self contained breathing apparatus for fire fighting if necessary.
5.4	Further information	Dispose of fire residues and contaminated extinguishing water in accordance with local regulation.

VIVABASE GREEN 2WS LIQUID.

Revision: 02

Revision date 16/07/2023

SECTION 6: Accidental release measures

6.1	Personal precautions, Protective equipment and emergency procedures	Use personal protective equipment. Avoid dust formation. Avoid breathing vapors, mist or gas. In case of insufficient ventilation, wear suitable respiratory equipment.
6.2	Environmental precautions	Prevent product from entering drains. Do not flush into surface water.
6.3	Methods and material for containment and cleaning up	Take up mechanically and collect in suitable container for disposal. Dispose of in accordance with local regulation.
6.4	Reference to other sections	For disposal see section13.

SECTION 7: Handling and storage

7.1	Precautions for safe handling	Advice on safe handling: Smoking, eating and drinking should be prohibited in the application area. Avoid formation of dust and aerosols. Avoid exposure-obtain. Special instructions before use. Provide appropriate exhaust ventilation at places where dust is formed
	Information about fire- and explosion protection:	No special protective measures against fire require
7.2	Conditions for safe storage, including any incompatibilities	
	Storage:	
	Requirements for storage Areas and containers Further information on Storage conditions	- Keep container tightly closed in a dry, cool and well-ventilated place - Protect from physical damage. - Keep away from direct sunlight and sources of ignition and heating - Protect from temperatures below: 0 °C - Protect from temperatures above: 60 °C
7.3	Specific end uses	Not applicable

SECTION 8: Exposure controls/personal protection

8.1	Control parameters	
	Ingredients with limit values that require monitoring at the workplace:	Ensure adequate ventilation to minimize the build-up of dust.
8.2	Exposure controls	
	General protective and hygienic measures:	Prevent product from entering drains. Do not flush into surface water.
	Respiratory protection:	In case of dust formation: use effective dust mask. If the respirator is the sole means of protection, use a full-face supplied air respirator. Use respirators and

Safety Data Sheet

Revision date 16/07/2023

		components tested and approved under appropriate. Government standards such as NIOSH(US) or CEN (EU)
	Protection of hands:	 For hygiene reasons PVC industrial glove or rubber gloves are recommended
	Eye protection:	Wear safety glass with side protection or goggles to protect against dust particles
	Body protection:	Protective clothes and safety shoes. Avoid direct contact with skin

SECTION 9: Physical and chemical properties

9.1	Information on basic physical and chemical properties	
	Physical state:	Liquid
	Colour:	Malachite green
	Odour:	Smells Acetic acid
	Melting point/freezing point	No data available
	Boiling point/range	N/A
	Flash Point	No data available
	Flammability	Not flammable
	Evaporation	Not applicable
	Auto ignition temperature	Not applicable
	pH at 25 °C	1.5 – 3.5
	Viscosity	<250 cPs
	Solubility in/Miscibility with Water	miscible
	Explosive properties	Product does not present an explosion hazard.
	Vapour pressure:	Not applicable
	Density	1.05-1.10 g/cm3
	Decomposition temperature	Not tested
9.2	Other information	
	Other information	No further relevant information

SECTION 10: Stability and reactivity

10.1	Reactivity	Stable under recommended storage conditions, but it may change in quality. Under the influences of air/high temperature
10.2	Chemical stability-Thermal Decomposition/Conditions To be avoided:	The product is chemically stable.

Safety Data Sheet

VIVABASE GREEN 2WS LIQUID.
Revision: 02
Revision date 16/07/2023

10.3	Possibility of hazardous reactions	No data available
10.4	Conditions to Avoid	Below 0 °C
10.5	Incompatible materials:	No data available
10.6	Hazardous decomposition products:	No decomposition if stored and applied as directed. Thermal decomposition can lead to release of Carbon oxides Sulphur oxides, etc.

SECTION 11: Toxicological information

11.1	Information on toxicological effects (For mixture/ major components within mixture)		
	Acute toxicity: LD/LC50 values relevant for classification:	Oral	LD50 >2383 mg/kg (Rat)
	Skin corrosion/irritation	Non irritant	
	Serious eye damage/ irritation	Non irritant	
	Respiratory or Skin Sensitization:	Non irritant	
	Germ cell mutagenicity	Non irritant	
	Carcinogenicity	Not listed as a carcinogen by IARC	
	Reproductive toxicity	Not applicable	
	Aspiration hazard	No available information	

SECTION 12: Ecological information

12.1	Persistence and degradability	No data available.
12.2	Toxicity	Acute aquatic toxicity estimate:> 100 mg/l, Calculation method.
12.3	Bio-accumulative potential	No data available.
12.4	Mobility in soil	No data available.
12.5	Results of PBT and vPvB assessment	
	PBT & vPvB	This mixture contains on substance considered to be persistent bioaccumulating nor toxic (PBT)
12.6	Other adverse effects	Product does not contain any organic halogens.

SECTION 13: Disposal considerations

13.1	Waste treatment methods	
	Product	Dispose of in accordance with local regulation. Where possible recycling is preferred to disposal or incineration.
	Contaminated packaging	Contaminated, empty containers must be disposed of as chemical controlled waste.

VIVABASE GREEN 2WS LIQUID.

Revision: 02

Revision date 16/07/2023

SECTION 14: Transport information		
14.1	UN-Number: ADR, IMDG, IATA	Not applicable
14.2	UN proper shipping name: ADR, IMDG, IATA	Not applicable
14.3	Transport hazard class(es): ADR, IMDG, IATA	Not applicable
14.4	Packing group: ADR, IMDG, IATA	Not applicable
14.5	Environmental hazards:	Marine Pollutant: No
14.6	Special precautions for user	Not applicable
14.7	Transport in Bulk according to ANNEX II of MARPOL 73/78 and the IBC Code	Not applicable
	UN "Model Regulation"	Not applicable

SECTION 15: Regulatory information		
15.1	Safety, health and environmental regulations/legislation specific for the substance mixture	
	This safety datasheet complies with the requirements of Regulation (EC) No. 1907/2006	
15.2	Chemical Safety Assessment	For this product a chemical safety assessment was not carried out

SECTION 16: Other information		
	Department issuing MSDS	Product safety department
16(a).	Data compared to the previous version altered	Full text of H-Statements referred to under sections 2 and 3. H302 Harmful if swallowed. H311 Toxic in contact with Skin H351 Suspected of causing cancer.
16 (b).	Further information	The information provided in this safety Data Sheet are base on our current knowledge and experience. And describe the product only with regard to safety requirements at the date of its publication. The Information do not describe the product specification and does not to be considered a warranty. The Information relates only to the specific material designated and may not be valid for such material used In combination with any other materials or in any process. Unless specified in the text, therefore, it's the User's responsibility to satisfy itself as to the suitability and completeness of such information for its own particular use.

Safety Data Sheet

VIVABASE GREEN 2WS LIQUID.**Revision: 02****Revision date 16/07/2023**

The data contained in this safety data sheet are based on our current knowledge and experience and describe the product only with regard to safety requirements. The data do not describe the product's properties (product specification). Neither should any agreed property nor the suitability of the product for any specific purpose be deduced from the data contained in the safety data sheet. It is the responsibility of the recipient of the product to ensure any proprietary rights and existing laws and legislation are observed.

END OF DATA SHEET.
