

Safety Data Sheet

VIVASOL TURQUOISE VG

Revision: 01

Revision date 03/10/2024

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1	Product identifier	VIVASOL TURQUOISE VG
1.2	Relevant identified uses of the substance or mixture and uses advised against	
	Relevant identified uses:	Use as the dyeing for the paper industry
1.3	Details of the supplier of the safety data sheet	
	Company:	VIV INTERCHEM 22 Sukhumvit 42, Sukhumvit Rd, Prakanong, Klongtoey, Bangkok 10110 Telephone: +662 712 1044 E-mail address: thasanaprapha@vivgroup.com
1.4	Emergency telephone number	
	International emergency number:	Telephone: 02-7094600-4 #214

SECTION 2: Hazards Identification

2.1	Classification of the substance according to Regulation (EC) No: 1272/2008 i.e., CLP regulation	
	Classification according CLP regulation (Classification after applying generic concentration limits, as specified in CLP)	• Skin Irrit. 2: Skin irritation, Category 2, H315 • Eye Irrit. 2: Eye irritation, Category 2, H319 • Aquatic Chronic 3: Hazardous to the aquatic environment, long-term hazard, Category 3, H412
2.2	Label elements: Labeling according to Regulation (EC) No 1272/2008 (CLP regulation)	
	Hazard pictograms	
	Signal word	Warning
	Hazard statements	H315: Causes skin irritation H319: Causes serious eye irritation H412: Harmful to aquatic life with long lasting effects
	Precautionary	P264: Wash thoroughly after handling

Safety Data Sheet

VIVASOL TURQUOISE VG

Revision: 01

Revision date 03/10/2024

	statements	P273: Avoid release to the environment. P280: Wear protective gloves/protective clothing/eye protection/protective footwear P302+P352: IF ON SKIN: Wash with plenty of water P305+P351+P338 (IF IN EYES): Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P501: Dispose of contents/container in accordance with local/regional/national/ international regulations.
2.3	Other hazards: Results of PBT and vPvB assessment	
	No possibility of dust explosion hazard	
	PBT:	No data available for the mixture
	vPvB:	No data available for the mixture
	Endocrine disrupting property	The product does not meet the criteria

SECTION 3: Composition/information on ingredients

3.1	Substance	
	Not relevant	
3.2	Mixture	
	Chemical description	Organic dye/s
	Identification	Specific concentration limit
	Acetic acid CAS: 64-19-7 EC: 200-580-7	%(w/w)>=90: Skin Corr. 1A-H314 25<=%(w/w) <90: Skin Corr. 1B-H314 10<=%(w/w) <25: Skin Irrit. 2-H315 %(w/w)>=25: Eye Dam. 1-H318 10<=%(w/w) <25: Eye Irrit. 2-H319

SECTION 4: First aid measures

4.1	Description of first aid measures	
	General information:	Immediately remove any clothing soiled by the product. In case of irregular breathing or respiratory arrest provide artificial respiration. Seek medical treatment. Symptoms of poisoning may even occur after several hours; therefore, medical observation for at least 48 hours after the accident.
	After inhalation:	Remove to fresh air. Encourage patient to blow nose to ensure clear passage of breathing. If not breathing, give artificial respiration. If breathing is difficult, give

VIVASOL TURQUOISE VG

Revision: 01

Revision date 03/10/2024

		oxygen. Get medical attention.
	After skin contact:	Immediately flush skin with plenty of soap and water for at least 15 minutes. Remove contaminated clothing and shoes. Failure to treat burns can prevent wounds from healing. Flush skin and hair with running water (and soap if available). Seek medical attention in event of irritation.
	After eye contact:	Rinse opened eye for several minutes under running water. Then consult a doctor. Wash out immediately with fresh running water. Ensure complete irrigation of the eye by keeping eyelids apart and away from eye and moving the eyelids by occasionally lifting the upper and lower lids. If pain persists or recurs seek medical attention. Removal of contact lenses after an eye injury should only be undertaken by skilled personnel.
	After swallowing:	Rinse out mouth and then drink plenty of water. Do not induce vomiting; call for medical help immediately. Immediately give a glass of water. First aid is not generally required. If in doubt, contact a Poisons Information Centre (PIC) or a doctor.
4.2	Most important symptoms and effect, both acute and delayed	Risk of serious damage to eyes and corrosive to skin.
	Information for doctor:	▪ Treat symptomatically and supportively. ▪ No known specific antidote.
	Indication of any immediate medical attention and special treatment needed	Follow all the instructions mentioned in section 4.1.

SECTION 5: Firefighting measures

5.1	Extinguishing media	
	Suitable extinguishing media:	▪ Foam. ▪ Dry chemical powder. ▪ Carbon dioxide ▪ Water spray or jet
	Unsuitable extinguishing media:	Do not use strong oxidizers as extinguishing media, acids and alkali.
5.2	Special hazards arising from the substance	▪ Formation of toxic gases is possible during heating or in case of fire.
5.3	Advice for fire fighters	
	Protective equipment:	▪ Do not inhale explosion gases or combustion gases. ▪ Wear a self-contained breathing apparatus in pressure-demand, MSHA/ NIOSH

VIVASOL TURQUOISE VG

Revision: 01

Revision date 03/10/2024

		(Mine Safety and Health Administration / National Institute for Occupational Safety and Health) (approved or equivalent), and full protective gear.
	Additional information	▪ Cool containers with flooding quantities of water for some time even after the fire is out. ▪ Cool endangered receptacles with water spray. ▪ Collect contaminated firefighting water separately. It must not enter the sewage system.

SECTION 6: Accidental release measures

6.1	Personal precautions, Protective equipment and emergency procedures	▪ Remove sources of ignition. ▪ Use appropriate respiratory protection. ▪ Wear protective clothing, gloves and eye protection and face. ▪ Prevent access to the affected area of animals and / or unauthorized persons. ▪ Keep unprotected persons away. ▪ Use respiratory protective device against the effects of fumes/dust/aerosol.
6.2	Environmental precautions	▪ Do not allow product to reach sewage system or any water course. ▪ Inform respective authorities in case of seepage into water course or sewage system. ▪ Do not allow to enter sewers/ surface or ground water.
6.3	Methods and material for containment and cleaning up	Dispose contaminated material as waste according to item 13.
6.4	Reference to other sections	See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

SECTION 7: Handling and storage

7.1	Precautions for safe handling	Store in cool, dry place in tightly closed receptacles. Keep away from heat and direct sunlight. Ensure good ventilation/exhaustion at the workplace.
	Information about fire- and explosion protection:	Store away from Open flames, sparks, electrical equipment and fittings. Protect against electrostatic charges. Keep ignition sources away - Do not smoke.
7.2	Conditions for safe storage, including any incompatibilities	
	Storage:	
	Requirements to be met by store rooms and	▪ Store away from oxidizing agents. ▪ Store in a cool location.

Safety Data Sheet

VIVASOL TURQUOISE VG

Revision: 01

Revision date 03/10/2024

	receptacles:	Store only in the original receptacle.
	Information about storage in one common storage facility:	Do not store together with reducing agents, heavy-metal compounds, acids and alkalis.
	Further information about storage conditions:	- Store in cool, dry conditions in well-sealed receptacles. - Store in a cool place.
7.3	Specific end use(s)	Used as dye and color additive in paper, wool, cotton, wood, plastic, textile and leather industry. Used in inks and toners

SECTION 8: Exposure controls/personal protection

	Additional information about design of technical facilities:	Safety shower and eye bath in close proximity to work areas. Local exhaust ventilation required.			
8.1	Control parameters				
	Ingredients with limit values that require monitoring at the workplace:	Identification	Occupational exposure limits		
		Acetic acid CAS: 64-19-7 EC: 200-580-7	OEL (8h)	10 ppm	25 mg/m ³
			OEL (15 min)	20 ppm	50 mg/m ³
			OEL (15 min)	15 ppm	101.2 mg/m ³
8.2	Exposure controls				
	General protective and hygienic measures:	Immediately remove all soiled and contaminated clothing. Keep away from foodstuffs, beverages and feed. Wash hands before breaks and at the end of work. Avoid contact with the eyes and skin. Store protective clothing separately.			
	Respiratory protection:	In case of brief exposure or low pollution use respiratory filter device. In case of intensive or longer exposure use self-contained respiratory protective device. Use Particulate respirator in dusty conditions			
	Protection of hands:	 Protective gloves The glove material has to be impermeable and resistant to the product. Selection of the glove material depends on consideration of the penetration times, rates of diffusion and the degradation.			
	Material of gloves	Solvent-resistant gloves. As the product is a preparation of several substances, the resistance of the glove material cannot be calculated in advance and has therefore to be checked prior to the application.			
	Penetration time of glove material	The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed. Gloves should be discarded and replaced if there is any indication of degradation or chemical breakthrough.			
	Eye protection:	Tightly sealed goggles			

Safety Data Sheet

VIVASOL TURQUOISE VG

Revision: 01

Revision date 03/10/2024

	Body protection:	Overalls, P.V.C. apron, Barrier cream, Skin cleansing cream, Wear safety footwear or safety gumboots.
--	------------------	---

SECTION 9: Physical and chemical properties

9.1	Information on basic physical and chemical properties	
	Physical state:	Liquid
	Appearance	Fluid
	Colour:	Blue
	Odour:	Characteristic
	Boiling point/range	≈100 °C
	Melting point/freezing point	Not available
	Flash Point	> 100 °C
	Flammability	Not available
	Lower and upper Flammability limit	Not available
	Ignition temperature	Not available
	Auto ignition temperature	Not available
	pH	3.3 – 5.3
	Viscosity	<200 mPa·s
	Solubility in/Miscibility with Water at 20 °C:	Water miscible
	Partition coefficient (n-octanol/ water) at 25 °C:	Not available
	Vapour pressure:	Not available
	Density at 20 °C:	1150 kg/m ³
	Nano Particle characteristics	Not available
9.2	Other information	
	Information regarding physical hazard classes	Not available
	Other safety characteristics	Not available

VIVASOL TURQUOISE VG

Revision: 01

Revision date 03/10/2024

SECTION 10: Stability and reactivity

10.1	Reactivity	Stable at ambient temperature and under normal conditions of use.
10.2	Chemical stability	Stable under recommended storage conditions.
10.3	Possibility of hazardous reactions	Hazardous reactions will not occur if stored under normal conditions.
10.4	Conditions to Avoid	Excessive heat, Strong oxidizing agents, incompatible materials.
10.5	Incompatible materials:	Avoid contact with strong acids, alkali or oxidizing agents.
10.6	Hazardous decomposition products:	Carbon dioxide and carbon monoxide may form when heated to decomposition. May also release toxic and irritating vapors.

SECTION 11: Toxicological information

11.1	Information on hazard classes as defined in Regulation (EC) No 1272/2008:			
	The experimental information related to the toxicological properties of the product itself is not available Contains glycols. It is recommended not to breathe the vapours for prolonged periods of time due to the possibility of effects that are hazardous to the health Dangerous health implications: In case of exposure that is repetitive, prolonged or at concentrations higher than the recommended occupational exposure limits, adverse effects on health may result, depending on the means of exposure:			
	Acute toxicity: LD/LC50 values relevant for classification:		ATE mix	Ingredient(s) of unknown toxicity
		Oral	>2000 mg/kg	0%
		Dermal	>2000 mg/kg	0%
		Inhalation	>20 mg/L (4h)	0%
	Ingestion (acute effect)	Acute toxicity: Based on available data, the classification criteria are not met, as it does not contain substances classified as hazardous for consumption. For more information see section3 Corrosivity/Irritability: The consumption of a considerable dose can cause irritation in the throat, abdominal pain, nausea and vomiting.		
	Inhalation (acute effect)	Acute toxicity: Based on available data, the classification criteria are not met, as it does not contain substances classified as hazardous for inhalation. For more information see section3 Corrosivity/Irritability: Based on available data, the classification criteria are not met. However, it does contain substances classified as hazardous for this effect. For more information see section3		
	Contact with the skin and the eyes (acute effect)	Contact with the skin: produces skin inflammation Contact with the eyes: produces eye damage after contact		
	CMR effects	Carcinogenicity: Based on available data, the classification criteria are not met, as it		

VIVASOL TURQUOISE VG

Revision: 01

Revision date 03/10/2024

	(carcinogenicity, mutagenicity and toxicity to reproduction)	does not contain substances classified as hazardous for the effects mentioned. For more information see section3 IARC: Not relevant Mutagenicity: Based on available data, the classification criteria are not met, as it does not contain substances classified as hazardous for this effect. For more information see section3 Reproductive toxicity: Based on available data, the classification criteria are not met, as it does not contain substances classified as hazardous for this effect. For more information see section3
	Sensitizing effects	Respiratory: Based on available data, the classification criteria are not met, as it does not contain substances classified as hazardous with sensitizing effects. For more information see section3 Skin: Based on available data, the classification criteria are not met, as it does not contain substances classified as hazardous for this effect. For more information see section3
	Specific target organ toxicity (STOT)-single exposure	Based on available data, the classification criteria are not met, as it does not contain substances classified as hazardous for this effect. For more information see section3
	Specific target organ toxicity (STOT)-repeated exposure	Based on available data, the classification criteria are not met, as it does not contain substances classified as hazardous for this effect. For more information see section3
	Aspiration hazard	Based on available data, the classification criteria are not met, as it does not contain substances classified as hazardous for this effect. For more information see section3
	Other information	Not relevant
	Specific toxicology information on the substances	Not relevant
11.2	Information on other hazards	
	Endocrine disrupting Properties	The product does not meet the criteria.
	Other information	No further relevant information available.

SECTION 12: Ecological information

12.1	Result of PBT and vPvB assessment	Product does not meet PBT/vPvB criteria
12.2	Endocrine disrupting	The product does not meet the criteria.

VIVASOL TURQUOISE VG

Revision: 01

Revision date 03/10/2024

	properties	
12.3	Other adverse effects	Not decribed

SECTION 13: Disposal considerations

13.1	Waste treatment methods		
	Code	Description	Waste class (Regulation (EU) No 1357/2014)
	16 03 05*	Organic wastes containing hazardous substances	Hazardous

SECTION 14: Transport information

14.1	UN-Number or ID number	Not relevant
14.2	UN proper shipping name:	Not relevant
14.3	Transport hazard class(es):	Not relevant
14.4	Packing group:	Not relevant
14.5	Environmental hazards:	No
14.6	Special precautions for user	Special regulations: Not relevant Tunnel restriction code: Not relevant Physico-Chemical properties: see section 9 Limited quantities: Not relevant
14.7	Maritime transport in bulk according to IMO instruments	Not relevant
	Transport of dangerous goods by sea	With regard to IMDG 41-22, IATA/ICAO 2024

SECTION 15: Regulatory information

15.1	Safety, health and environmental regulations/legislation specific for the mixture	
	Article 95, REGULATION (EU) No 528/2012: Not relevant Candidate substances for authorization under the Regulation (EC) No 1907/2006 (REACH): Not relevant Regulation (EU) 2019/1021 on persistent organic pollutants: Not relevant Regulation (EU) 2024/590, about substances that deplete the ozone layer: Not relevant REGULATION (EU) No 649/2012, in relation to the import and export of hazardous chemical products: Not relevant Substance included in Annex XIV of REACH ("Authorisation List") and sunset date: Not relevant	
	Seveso III: Not relevant	
	Limitations to commercialization and the use of certain dangerous substance and mixtures (Annex XVII REACH, etc...):	
	Shall not be used in: Ornamental articles intended to produce light or colour effects by means of different phases, for example in	

Safety Data Sheet

VIVASOL TURQUOISE VG
Revision: 01
Revision date 03/10/2024

	ornamental lamps and ashtrays, Tricks and jokes, Games for one or more participants, or any article intended to be used as such, even with ornamental aspects
	Specific provisions in terms of protecting people or the environment
	It is recommended to use the information included in this safety data sheet as a basis for conducting workplace-specific risk assessment in order to establish the necessary risk prevention measures for the handling, use, storage and disposal of this product
	Other legislation
	Chemicals (Amendment) Act 2010 (No. 32 of 2010) as amended by S.I. No. 623/2015- Safety, Health and Welfare at Work (Chemical Agent) (Amendment) Regulations 2015 Chemicals Act 2008 (No.13 of 2008) Safety, Health and Welfare (chemical agent) (amendment) regulations 2021 (S.I.No.232 of 2021) and associated code of practice Chemical Agents Regulations (S.I. No.619 of 2001) European Communities (waste Directive) Regulations, S.I.No.126 of 2011 S.I.No.315/2016 – European union (Waste Directive) (Amendment) Regulations 2016 S.I.No.323/2020 - European union (Waste Directive) Regulations 2020 Chemicals Act (Control of Major Accident Hazard involving Dangerous Substance) Regulations 2015 (S.I. No. 209 of 2015) The Chemicals Act (CLP Regulation) Regulations 2011 (S.I. No. 102 of 2011)
15.2	Chemical safety assessment: The supplier has not carried out evaluation of chemical safety

SECTION 16: Other information

	Legislation related to safety data sheets	This safety data sheet has been designed in accordance with ANNEX II-Guide to the compilation of safety data sheet of Regulation (EC) No 1907/2006 (COMMISSION REGULATION (EU) 2020/878)
	Modifications related to the previous Safety Data Sheet which concerns the ways of managing risks	Not relevant
	Texts of the legislative phrases mentioned in section 2	H412: Harmful to aquatic life with long lasting effects H315: Causes skin irritation H319: Causes serious eye irritation
	Texts of the legislative phrases mentioned in section 3	The phrases indicated do not refer to the product itself; they are present merely for informative purposes and refer to the individual components which appear in section 3

	CLP Regulation (EC) No 1272/2008	Aquatic Chronic 3: H412 – Harmful to aquatic life with long lasting effects Eye irrit. 2: H319 – Causes serious eye irritation Flam. Liq. 3: H226 – Flammable liquid and vapour Skin Corr. 1A: H314 – Causes severe skin burns and eye damage
	Classification procedure	Aquatic Chronic 3: Calculation method Skin Irrit. 2: Calculation method Eye irrit. 2: Calculation method
	Advice related to training	Training is recommended in order to prevent industrial risks for staff using this product and to facilitate their comprehension and interpretation of this safety data sheet, as well as the label on the product
	Abbreviations and acronyms	ADR: European agreement concerning the international carriage of dangerous goods by road IMDG: International maritime dangerous goods code IATA: International Air Transport Association ICAO: International Civil Aviation Organisation COD: Chemical Oxygen Demand BOD5: 5day biochemical oxygen demand BCF: Bioconcentration factor LD50: Lethal Dose 50 LC50: Lethal Concentration 50 EC50: Effective concentration 50 LogPOW: Octanolwater partition coefficient Koc: Partition coefficient of organic carbon UFI: Unique formula identifier IARC: International Agency for Research on Cancer

The data contained in this safety data sheet are based on our current knowledge and experience and describe the product only with regard to safety requirements. The data do not describe the product's properties (product specification). Neither should any agreed property nor the suitability of the product for any specific purpose be deduced from the data contained in the safety data sheet. It is the responsibility of the recipient of the product to ensure any proprietary rights and existing laws and legislation are observed.

END OF DATA SHEET.
