

Safety Data Sheet

VIVAFLOC AP455N**Revision: 01****Revision date: 19/03/2024**

Section 1: Chemical product and company identification

1.1 Product identifier

VIVAFLOC AP455N

1.2 Details of the supplier of the safety data sheet

Company: VIV INTERCHEM

22 Sukhumvit 42, Sukhumvit Rd, Prakanong, Klongtoey

Bangkok 10110

Telephone: +662 712 1044

E-mail address: thasanaprapha@vivgroup.com

1.3 Emergency telephone number

International emergency number:

Telephone: 02-7094600-4#214

Section 2: Composition, Information on Ingredients

Chemical family: Anionic, Polyacrylamide

Synonyms: Not Available. Usage: flocculation agent

Section 3 Hazards Identification

Health Hazards : May cause some irritation to the respiratory system. move to fresh air.

Environmental Effects : No information

Physical and Chemical Hazards : Non flammable

Special Hazards : none

Major Syndromes : not applicable

Hazard Classification : not available

Safety Data Sheet

VIVAFLOC AP455N**Revision: 01****Revision date: 19/03/2024**

Section 4 First Aid Measures

Different measures for:

Inhalation : If inhaled, remove to fresh air. If not breathing give artificial respiration.
If breathing is difficult, give oxygen.

Skin Contact : In case of contact, immediately wash skin with soap and plenty of water.

Eye Exposure: In case of contact, immediately flush eyes with copious amounts of water
for at least 15 minutes and see doctor.

Ingestion : If swallowed, wash out mouth with water provided person is conscious.
Call a physician.

Most important effects and hazards : cause illness if swallow

Notes for paramedics: not available

Notes for doctors: not available

Section 5 Fire Fighting Measures

Appropriate type of extinguisher : Not applicable

Potential hazards during fire fighting : Not applicable

Special procedures for fire-fighting : Not applicable

Personal Protective Equipment : No special protective equipment required.

Specific Hazards with Regard to Fire-Fighting Measures: Non-flammable nor explosive

Section 6 Accidental Release Measures

Personal precautions : Absorb spills with waste or dry sand or earth, then place in chemical waste container. For large spills, prevent them from entering into sewers, water courses or low area by mounding soil, then recover to a chemical waste container.

Environmental considerations : Do not contaminate water.

Disposal procedures : Dispose of in accordance with applicable, stable, and local regulation.

Safety Data Sheet

VIVAFLOC AP455N**Revision: 01****Revision date: 19/03/2024**

Section 7 Handling and Storage

Handling : avoid contact with skin or eyes. Wear proper protective equipment when working. Wash hands before breaks and at the end of workday.

Storage : stored in tightly sealed containers or freezing should be strictly avoided. Keep in cool place (0-30 °C). Freeze at -10 °C, but freeze-thaw reversibility.

Section 8 Exposure Controls and Personal Protection

Engineering control :

Control Index :

8 hr PEL-TWA / PEL-STEL, PEL-CEILING :

Bio-index :

Personal Protective Equipment :

Respiratory : Not applicable

Hands : Rubber gloves.

Eyes : Safety goggles

Skin and body : Avoid skin contact, protective clothes.

Hygiene measures : Wash hands before breaks and at the end of workday. Handle in accordance with good industrial hygiene and safety practice.

Section 9 Physical and Chemical Properties

Physical status: Solid

Appearance: Solid

Color : Off-white

Odor : Odourless

pH (1% water solution at 25°C): 6.0 -8.0

Boiling point/range : >100°C

Decomposition temperature : no information

Flash point : >> °F no information °C

Safety Data Sheet

VIVAFLOC AP455N**Revision: 01****Revision date: 19/03/2024**

Test Method : Open cup Close Cup**Auto-ignition temperature** : N/D **Explosion Limits** : N/D**Vapor Pressure** : N/D **Vapor****Bulk density (25°C)** : approx. 750 kg/m³**Solubility** : Forms a viscous solution**N/D=** not detectable

Section 10 Stability and Reactivity

Stability : stable, no hazardous polymerization will occur.**Potential hazards under special conditions** :**Conditions to avoid** : No oxidizing agents cause exothermic reactions.**Incompatibilities with other Materials** : none**Hazard decomposition products** : No information

Section 11 Toxicological Information

Urgency of Toxicity : If you swallowed, drink a lot of milk and water. By analogy with similar products, this product is not expected to be toxic.**Partial effect** : none**Nature of allergen** : none**Lasting period of Toxicity:** none**Special effectiveness:** none

Section 12 Ecological Information

Ecotoxicity

Assessment of aquatic toxicity:

There is a high probability that the product is not acutely harmful to aquatic organisms.

Toxicity to fish:

LC50 (96 h) > 1,000 mg/l, *Lepomis macrochirus*

Safety Data Sheet

VIVAFLOC AP455N**Revision: 01****Revision date: 19/03/2024**

Aquatic invertebrates:

EC50 (24 h) > 1,000 mg/l, Daphnia magna (OECD Guideline 202, part 1)

Aquatic plants:

EC50 (72 h) > 1,000 mg/l, Selenastrum capricornutum (OECD Guideline 201)

Microorganisms/Effect on activated sludge:

EC50 > 300 mg/l, activated sludge

Soil living organisms:

LC0 (14 d) > 10,000 mg/kg, Eisenia foetida (OECD Guideline 207)

Other adverse effects

Adsorbable organically-bound halogen (AOX): 0 %

Additional information

Other ecotoxicological advice:

The product has not been tested. The statement has been derived from products of a similar structure and composition.

Section 13 Disposal Considerations

Method of disposal: Dispose of in accordance with applicable local regulation.

Waste from residues/unused: In accordance with local and national regulations.

Contaminated packaging: Rinse empty containers with water and use the rinse water to prepare the working solution. Or can be landfilled or incinerated. When in compliance with local regulations.

Section 14 Transportation Information

Land transport

ADR

Not classified as a dangerous good under transport regulations

RID

Not classified as a dangerous good under transport regulations

Safety Data Sheet

VIVAFLOC AP455N**Revision: 01****Revision date: 19/03/2024**

Inland waterway transport

ADNR

Not classified as a dangerous good under transport regulations

Sea transport

IMDG

Not classified as a dangerous good under transport regulations

Air transport

IATA/ICAO

Not classified as a dangerous good under transport regulations

Section 15 Regulatory Information

Applicable regulation: This product is not classified as dangerous and need not to be labelled according to the EC-Directive as amended.

Section 16 Other Information

Any other intended applications should be discussed with the manufacturer.

The data contained in this safety data sheet are based on our current knowledge and experience and describe the product only with regard to safety requirements. The data do not describe the product's properties (product specification). Neither should any agreed property nor the suitability of the product for any specific purpose be deduced from the data contained in the safety data sheet. It is the responsibility of the recipient of the product to ensure any proprietary rights and existing laws and legislation are observed.
