

Safety Data Sheet

VIVAFLOC ESP310

Revision: 01

Revision date: 23/04/2024

Section 1: Chemical product and company identification

1.1. Product identifier

VIVAFLOC ESP310

1.2. Details of the supplier of the safety data sheet

Company: VIV INTERCHEM

22 Sukhumvit 42, Sukhumvit Rd, Prakanong, Klongtoey

Bangkok 10110

Telephone: +662 712 1044

E-mail address: thasanaprapha@vivgroup.com

1.3. Emergency telephone number

International emergency number:

Telephone: 02-7094600-4#214

Section 2: Composition, Information on Ingredients

Chemical name	CAS number
1,2-Ethanediamine, polymer with (chloromethyl) oxirane and N-methylmethanamine	42751-79-1

Section 3 Hazards Identification

EMERGENCY OVERVIEW

Physical Form:	Liquid
Color:	Clear-white
Odor:	amine-like
Health :	This product has no known adverse effect on human health.
WHMIS Designation:	This product is not WHMIS controlled.
Potential Health Effects :	May cause slight eye or mild skin irritation. Inhalation of mists or sprays may lead to respiratory irritation.

Safety Data Sheet

VIVAFLOC ESP310**Revision: 01****Revision date: 23/04/2024**

Primary Route(s) of Entry: Ingestion, Skin, Inhalation, Eyes

Section 4 First Aid Measures

Different measures for:

Inhalation : If inhaled, remove to fresh air. If not breathing give artificial respiration.
If breathing is difficult, give oxygen.

Skin Contact : In case of contact, immediately wash skin with soap and plenty of water.

Eye Exposure : In case of contact, immediately flush eyes with copious amounts of water for at least 15 minutes and **see doctor**.

Ingestion : If swallowed, wash out mouth with water provided person is conscious.
Call a physician.

Most important effects and hazards : Cause illness if swallow

Notes for paramedics: not available

Notes for doctors : not available

Section 5 Fire Fighting Measures

Appropriate type of extinguisher : Not applicable

Potential hazards during fire fighting : Not applicable

Special procedures for fire-fighting : Not applicable

Personal Protective Equipment : No special protective equipment required.

Specific Hazards with Regard to Fire-Fighting Measures: Non-flammable nor explosive

Section 6 Accidental Release Measures

Personal precautions : Absorb spills with waste or dry sand or earth, then place in chemical waste container. For large spills, prevent them from entering into sewers, water courses or low area by mounding soil, then recover to a chemical waste container.

Environmental considerations : Do not contaminate water.

Safety Data Sheet

VIVAFLOC ESP310**Revision: 01****Revision date: 23/04/2024**

Disposal procedures : Dispose of in accordance with applicable, stable, and local regulation.

Section 7 Handling and Storage

Handling : avoid contact with skin or eyes. Wear proper protective equipment when working. Wash hands before breaks and at the end of workday.

Storage : Keep containers tightly closed in a cool, well-ventilated place.

For industrial Use only

Section 8 Exposure Controls and Personal Protection

Exposure Guidelines:

There are no OSHA or ACGIH exposure guidelines available for component(s) in this product.

Personal Protective Equipment :

Eye/Face Protection: Wear splash proof chemical goggles.

Skin Protection: Wear chemical resistant gloves and protective clothing.

Respiratory Protection: Use NIOSH approved respirator as needed to mitigate exposure.

Engineering Controls: Work in well ventilated areas. Do not breathe vapors or mist.

Section 9 Physical and Chemical Properties

Physical status: Clear liquid

Appearance: Clear liquid

Color : Clear - white

Odor : amine-like

pH : 1.0 – 5.0 (10% solution)

Safety Data Sheet

VIVAFLOC ESP310**Revision: 01****Revision date: 23/04/2024**

Boiling point/range : 105°C (221°F)**Decomposition temperature** : Not determined**Flash point** : Not determined**Test Method (for Flash point)** : Not determined**Auto-ignition temperature** : Not determined**Vapor Pressure** : Not determined**Specific gravity** : 1.02 – 1.30 g/cm³**Solubility** : Very soluble in water

Section 10 Stability and Reactivity

Stability : Stable, no hazardous polymerization will occur.**Possibility of Hazardous reactions** : None expected.**Conditions to avoid** : No oxidizing agents cause exothermic reactions.**Incompatibilities with other Materials** : Strong oxidizing agents, strong acids, storage conditions.**Hazard decomposition products** : No decomposition expected under normal storage conditions.

Section 11 Toxicological Information

Acute Oral Toxicity: LD50(Rats) > 2,000 mg/kg**Acute Dermal Toxicity:** Not determined**Acute Inhalation Toxicity:** Not determined**Eye Irritation:** (Rabbits) Not an irritant**Skin Irritation:** (Rabbits) Not an irritant**Skin Sensitization:** Not determined**Respiratory Sensitization:** Not determined

Safety Data Sheet

VIVAFLOC ESP310**Revision: 01****Revision date: 23/04/2024**

Carcinogenicity (IARC; NTP; OSHA ; ACGIH): None of the components in this product at concentrations greater than 0.1% are listed by IARC; NTP, OSHA or ACGIH as a carcinogen.

Mutagenicity:	Not determined
Reproductive Toxicity:	Not determined
Teratogenicity:	Not determined
Neurotoxicity:	Not determined
Subacute Toxicity:	Not determined
Subchronic Toxicity:	Not determined
Chronic toxicity:	Not determined
Absorption / Distribution/Excretion/ Metabolism:	Not determined
Additional Information:	Not determined

Section 12 Ecological Information

Toxicity to fish:	Not determined
Toxicity to Invertebrates:	Not determined
Toxicity to Algae:	Not determined
Toxicity to Sewage Bacteria:	Not determined
Activated Sludge Respiration inhibition test:	Not determined
Biochemical Oxygen Demand (BOD):	Not determined
Chemical Oxygen Demand (COD):	Not determined
Total Oxygen Demand (TOD):	Not determined
Biodegradability:	Not determined

Additional Environmental Data: Not expected to cause long-term adverse effects in the aquatic environment.

Section 13 Disposal Considerations

Method of disposal: Dispose of in accordance with applicable local regulation.

Safety Data Sheet

VIVAFLOC ESP310**Revision: 01****Revision date: 23/04/2024**

Waste from residues/unused: In accordance with local and national regulations.

Contaminated packaging: Rinse empty containers with water and use the rinse water to prepare the working solution. Or can be landfilled or incinerated. When in compliance with local regulations.

Section 14 Transportation Information

Land transport

ADR

Not classified as a dangerous good under transport regulations

RID

Not classified as a dangerous good under transport regulations

Inland waterway transport

ADNR

Not classified as a dangerous good under transport regulations

Sea transport

IMDG

Not classified as a dangerous good under transport regulations

Air transport

IATA/ICAO

Not classified as a dangerous good under transport regulations

Section 15 Regulatory Information

Federal Regulations

Workplace Hazardous Materials Information System (WHMIS): This product is not WHMIS controlled. This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations and the MSDS contains all the information required by the Controlled Products Regulation. Domestic Substance List (DSL) Status: All components either exempt or listed on the DSL.

VIVAFLOC ESP310

Revision: 01

Revision date: 23/04/2024

International Regulations

TSCA Section 8(b) Inventory status: Not all component(s) comprising this product are listed on the TSCA inventory.

Chemical Weapons Convention (CWC): This product does not contain any component(s) listed under

The Chemical Weapons Convention Schedule of Chemicals.

Section 16 Other Information

Any other intended applications should be discussed with the manufacturer.

The data contained in this safety data sheet are based on our current knowledge and experience and describe the product only with regard to safety requirements. The data do not describe the product's properties (product specification). Neither should any agreed property nor the suitability of the product for any specific purpose be deduced from the data contained in the safety data sheet. It is the responsibility of the recipient of the product to ensure any proprietary rights and existing laws and legislation are observed.
