

Safety Data Sheet

VIVASIL S530

Revision: 02

Revision date 29/09/2023

SECTION 1: Identification of the substance/mixture and of the company/undertaking		
1.1	Product identifier	VIVASIL S530
1.2	Relevant identified uses of the substance or mixture and uses advised against	
	Relevant identified uses:	Retention and drainage aid
1.3	Details of the supplier of the safety data sheet	
	Company:	VIV INTERCHEM 22 Sukhumvit 42, Sukhumvit Rd, Prakanong, Klongtoey, Bangkok 10110 Telephone: +662 712 1044 E-mail address: thasanaprapha@vivgroup.com
1.4	Emergency telephone number	
	International emergency number:	Telephone: 02-7094600-4 #214

SECTION 2: Hazards Identification		
2.1	Classification of the substance or mixture	
	Classification according to Regulation (EC) No 1272/2008 (EU-GHS/CLP)	
	Acute toxicity, Oral	Category 4
	Skin irritation	Category 2
	Eye irritation	Category 2
	Skin sensitization	Category 1
	Carcinogenicity	Category 2
	Specific target organ toxicity-single exposure	Category 3
	Classification according to EU directives 67/548/EEC or 1999/45/EC	
	Harmful by inhalation, in contact with skin and if swallowed. Limited evidence of carcinogenic effect. May cause sensitization by skin contact. Irritating to eyes, respiratory system and skin.	
2.2	Label elements According to Regulation (EC) No 1272/2008 [CLP]	
	Hazard pictogram(s):	

Safety Data Sheet

VIVASIL S530

Revision: 02

Revision date 29/09/2023

	Signal word:	Warning
	Hazard statement(s):	Harmful if swallowed Causes skin irritation. May cause an allergic skin reaction. Cause serious eye irritation. May cause respiratory irritation. Suspected of causing cancer.
	Precautionary statement(s):	Avoid breathing dust/fume/gas/mist/vapours/spary. Wear protective gloves. If IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
	Supplemental Hazard:	None

SECTION 3: Composition/information on ingredients

	Ingredient	CAS No.	% weight
	Sodium salt of silicic acid (Sodium Silicate solution)	1344-09-8	17% Max.
	Al ₂ O ₃	1344-28-1	0.5 Max
	DM water	7732-18-5	Balance
	Ingredients are listed on the TSCA Inventory of Chemical substances. Those not identified are nonhazardous.		

SECTION 4: First aid measures

4.1	Description of first aid measures	
	If inhaled:	Move to fresh air. Get medical attention if symptoms occur.
	On skin contact:	Wash off with soap and plenty of water. Get medical attention if irritation develops and persists.
	On contact with eyes:	Rinse immediately with plenty of water, also under the eyelids. Get medical attention.
	On ingestion:	Rinse mouth. If conscious, give the victim plenty of water to drink. Induce vomiting, but only if victim is fully conscious.
4.2	Most important symptoms and effects, both acute and delayed	
	Contact with dust can cause mechanical irritation or drying of the skin.	
4.3	Indication of any immediate medical attention and special treatment needed	
	Other information:	No information available.

SECTION 5: Firefighting measures

	Conditions Flammability:	None
	Flash point (Method)	None
	Approx. Flammable Limits:	LEL: ND UEL: ND
	Sensitivity to mechanical impact:	None
	Sensitivity to static discharge:	Will not accumulate static charge
	Auto-ignition temperature:	None
	Extinguishing Media:	Not applicable
	Firefighting protective equipment:	Not applicable
	Hazardous combustion products:	None

SECTION 6: Accidental release measures

	Avoid dispersal of dust in the air (i.e., clearing dust surfaces with compressed air). Avoid the formation and build-up of dust - danger of dust explosion. Dust in sufficient concentration can result in an explosive mixture in air. Handle to minimize dusting and eliminate open flame and other sources of ignition. Forms slippery surfaces with water.	
6.1	Personal precautions, protective equipment and emergency procedures	
	Personal precautions:	Aqueous solutions or powders that become wet render surfaces extremely slippery.
	Protective equipment:	Wear adequate personal protective equipment.
	Emergency procedures:	Keep people away from spill/leak. Prevent further leakage or spillage if safe to do so.
6.2	Environmental precautions	Do not discharge into drains/surface waters/groundwater.
6.3	Methods and material for containment and cleaning up	
	Small spills:	Do not flush with water. Clean up promptly by sweeping or vacuum.
	Large spills:	Do not flush with water. Prevent unauthorized access. Sweep up and shovel into suitable containers for disposal.
	Residues:	Sweep up to prevent slip hazard. After cleaning, flush away traces with water.
6.4	Reference to other sections	
	Information regarding exposure controls/personal protection and disposal considerations can be found in section 8 and 13.	

SECTION 7: Handling and storage

7.1	Precautions for safe handling	Aqueous solutions or powders that become wet render surfaces extremely slippery. Avoid contact with
------------	--------------------------------------	---

VIVASIL S530

Revision: 02

Revision date 29/09/2023

		Skin and eyes. Avoid dust formation. Avoid breathing dust. Wash hands before breaks and at the end of Workday.
7.2	Conditions for safe storage, including any incompatibilities	
	Keep in a dry place. Incompatible with oxidizing agents.	
	Storage stability:	Avoid extreme heat.
7.3	Specific end use(s)	For the relevant identified use(s) listed in Section 1 the advice mentioned in this section 7 is to be observed.

SECTION 8: Exposure controls/personal protection		
8.1	Control parameters	Components with occupational exposure limits Particles, not otherwise specified, respirable Particles, not otherwise specified, inhalable
8.2	Exposure controls: Personal protective equipment	
	Respiratory protection:	Suitable respiratory protection for lower concentrations or short-term effect: Particle filter with medium efficiency for solid and liquid particles (e.g. EN 143 or 149, Type P2 or FFP2)
	Hand protection:	Chemical resistant protective gloves (EN 374) Suitable materials also with prolonged, direct contact (Recommended: Protective index 6, corresponding > 480 minutes of permeation time according to EN 374): e.g. nitrile rubber (0.4 mm), chloroprene rubber (0.5 mm), polyvinylchloride (0.7 mm) and other Supplementary note: The specifications are based on tests, literature data and information of glove manufacturers or are derived from similar substances by analogy. Due to many conditions (e.g. temperature) it must be considered, that the practical usage of a chemical-protective glove in practice may be much shorter than the permeation
	Eye protection:	Safety glasses with side-shields (frame goggles) (e.g. EN 166)
	Body protection:	light protective clothing. General safety and hygiene measures. Handle in accordance with good industrial hygiene and safety practice. Ensure adequate ventilation. Wearing of closed work clothing is recommended. No eating, drinking, smoking or tobacco use at the place of work.
	Environmental exposure controls:	For information regarding environmental exposure controls, see Section 6.

SECTION 9: Physical and chemical properties		
9.1	Information on basic physical and chemical properties	
	Appearance:	Low viscosity Liquid

Safety Data Sheet

VIVASIL S530
Revision: 02
Revision date 29/09/2023

Colour:	Clear
Odour:	Neutral
Odour threshold:	No applicable information available.
pH value:	9.5 – 10.5
Surface area:	Min. 550 m ² /gm
Particle diameter:	3.5 to 5.0 nm
SiO ₂ :	14.7 to 15.7 %
Na ₂ O:	0.35 to 0.50%
Melting range:	NA
Boiling point:	212 °F
Flash point:	Not applicable
Evaporation rate (Butyl acetate =1):	NA
Specific gravity (H ₂ O) = 1:	>1
Vapour pressure @20 C:	ND
Vapor density (air =1):	ND

SECTION 10: Stability and reactivity

Stability and reactivity:	Stable
Polymerisation:	Hazardous polymerization will not occur
Conditions to avoid:	Sub-zero temperature
Materials to avoid:	Contact with acidic material which will get the product
Hazardous decomposition products:	None

SECTION 11: Toxicological information

Primary entry routes:	Inhalation, ingestion, skin and eye.
Inhalation and Eyes:	Low hazard for usual industrial handling or commercial Handling by trained personnel.
Skin:	This material has a low potential to cause allergic skin reactions; however, cases of human skin sensitization have been reported.
Ingestion:	Low potential to cause serious problem.
Carcinogenicity:	No ingredient listed by IARC, ACGIH, NTP and OSHA as a Carcinogen.
Teratogenicity, mutagenicity, other	None of these effects are likely to occur in humans, provided
reproductive materials:	exposure is maintained at or below the occupational exposure limit.

Safety Data Sheet

VIVASIL S530

Revision: 02

Revision date 29/09/2023

	Skin Sensitization:	Cause skin sensitization (allergy)
	Respiratory tract sensitization:	None
	Synergistic materials:	Not available

SECTION 12: Ecological information

	Introduction:	This environmental effects summary is written to assist in addressing emergencies created by an accidental spill which might occur during the shipment of this material, and, in general, it is not meant to address discharges to sanitary sewers or publicly owned treatment works. Data for this material have been used to estimate its environmental impact.
--	----------------------	---

SECTION 13: Disposal considerations

	Disposal Considerations are to be made as per the local and state regulations applicable and levied by the concerned federal authority. Incineration for this product can be done at EPA approved facilities. The person generating the waste to review waste classification and disposal method as per local requirements.
--	---

SECTION 14: Transport information

		US DOT/ADR/RID	IMDG	IATA/ICAO
	Shipping Name:	NOT REGULATED	NOT REGULATED	NOT REGULATED
	Hazard Class:			
	UN Number:			
	Packing Group:			

SECTION 15: Regulatory information

15.1	EU ADDITIONAL CLASSIFICATION	
	Indication of Danger:	Irritant
	Risk Statements:	Irritating to eyes, respiratory system and skin.
	Safety Statements:	In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. Wear suitable protective clothing, gloves, and eye/face protection.
15.2	US CLASSIFICATION AND LABEL TEXT	
	Indication of Danger:	Irritant
	Risk Statements:	Irritating to eyes, respiratory system and skin.
	Safety Statements:	In case of contact with eyes, rinse immediately with plenty of water and seek

		medical advice. Wear suitable protective clothing, gloves, and eye/face protection.
	US statements: Target organ(s):	Lungs.
15.3	UNITED STATES REGULATORY INFORMATION	
	SARA LISTED:	No
15.4	CANADA REGULATORY INFORMATION	
	WHMIS Classification:	This product has been classified in accordance with the hazard criteria of The CPR and the MSDS contains all the information required by the CPR.
	DSL:	No
	NDSL:	No

SECTION 16: Other information						
	HMIS Rating :	Health: 0		Flammability: 0		Reactivity: 0
	Hazard Rating:	Least: 0	Slight:1	Moderate: 2	High:3	Extreme:4

The data contained in this safety data sheet are based on our current knowledge and experience and describe the product only with regard to safety requirements. The data do not describe the product's properties (product specification). Neither should any agreed property nor the suitability of the product for any specific purpose be deduced from the data contained in the safety data sheet. It is the responsibility of the recipient of the product to ensure any proprietary rights and existing laws and legislation are observed.

END OF DATA SHEET.
