MATERIAL SAFETY DATA SHEET

Section 1. Chemical Product and Company Identification

Product Name: Triazophos 40% W/V EC

Chemical Formula:

C₁₂H₁₆N₃O₃PS

CAS Registry Number:

24017-47-8

Section 2. Composition/Information on Ingredients

Component	Content (%)
Triazophos	Min. 40

Section 3. Hazards Identification

May cause irritant if contact with skin and eyes. Avoid inhalation, ingestion, or contact with skin or eyes. Keep out of reach of children.

Section 4. First Aid Measures

Eye Contact: Wash eyes immediately with large amounts of water at least 15 minutes. Get medical attention immediately.

Skin Contact: Remove contaminated clothing, jewelry, and shoes immediately. Wash thoroughly with large amounts of water and soap at least 15 minutes. Get medical attention.

Inhalation: Wearing proper respiratory protection before rescues. Immediately remove the affected victim from exposure to an area of fresh air. If not breathing, give artificial respiration; if breathe difficult, give oxygen. Get medical attention.

Ingestion: If victim is conscious, give 1-2 glasses of water and induce vomiting by touching back of throat with finger. Do NOT induce vomiting or give anything by mouth to an unconscious person. Get medical attention.

Antidote: Atropine.

Section 5. Fire Fighting Measures

Fire and Explosion Hazards: Combustible liquid. Flash point: 226.4°C.

Firefighting Media: Use water, foam, carbon dioxide, or dry chemical to extinguish fires.

Firefighting Precaution: In the event of a fire, wear full protective clothing and NIOSH-approved self-contained breathing apparatus with full facepiece operated in the pressure demand or other positive pressure mode. Keep unnecessary people away. Dike area of fire to prevent material run-off. Decontaminate emergency personnel with soap and water

before leaving the fire area. Avoid breathing dusts, vapors and fumes from burning materials. Control run-off water.

Section 6. Accidental Release Measures

In case materials are released, contact emergency response personnel. Keep unnecessary persons away. If emergency response personnel are unavailable, absorb small spills on spill pillows or other suitable absorbing material and place in a sealed container for disposal. Dike large spills and transfer to an appropriate container for disposal. Avoid contact of spilled materials and runoff with soil and surface waterways. Use suitable protective equipment (Section 8). Follow all fire prevention procedures (Section 5).

Section 7. Handling and Storage

Handling Precautions: Avoid inhalation, ingestion, or contact with skin or eyes. Wash thoroughly with soap and water after handling and before eating or smoking. Keep out of the reach of children. The substance may be hazardous to the environment. Avoid release to the environment in circumstances different to normal use.

Storage Precautions: Store in original container and keep closed only. Store in cool, dry and well-ventilated place. Do not use, pour, or store near heat or open flame. Do not contaminate food or feed products. Keep out of reach of children and domestic animals.

Section 8. Exposure Controls/Personal Protection

Engineering Controls: Ventilation equipment should be explosion-resistant if explosive concentrations of material are present. Provide local exhaust or process enclosure ventilation system.

Eye/Face: To protect against accidental eye contact, goggles/face-shield should be worn.

Skin Protection: Rubber gloves should be worn. Wash thoroughly with soap and water after handling.

Respiratory Protection: Ensure good ventilation. For maximum protection, wear a supplied air, full-facepiece respirator, airlined hood, or full-facepiece self-contained breathing apparatus.

Section 9. Physical and Chemical Properties

Appearance	Light Yellow
Odor	Characteristic odor
Specific Gravity	0.91 (20°C)
Melting Point	86-87°C
Boiling Point	450.7° C at 760 mmHg
Vapor Pressure	2.57E-08mmHg at 25° C
Solubility	In water 3 ppm (25 °C). Miscible with most organic solvents, e.g. xylene, hexane, chloroform, dichloromethane, methanol, ethanol, acetone, etc.

Section 10. Stability and Reactivity

Stability: Stable under the normal handling and storage conditions.

Incompatibilities: Avoid mixed with highly reactive chemicals such as strong acid, strong base or strong oxidizing agent.

Hazard Decomposition: The substance decomposes on heating and on burning producing toxic and irritating fumes including carbon oxides, nitrogen oxides and sulfur oxides.

Hazard Polymerization: Will not occur.

Section 11. Toxicological Information

Skin Irritation: Slight eyes irritant

Eye Irritation: Moderate skin irritant

ADI: 0.01 mg/kg b.w.

Section 12. Ecological Information

Birds Acute oral LD₅₀ for mallard ducks 8.1, quail 82, pheasants 20 mg/kg.

Fish LC₅₀ (96 h) for bluegill sunfish 0.015, trout 0.045 mg/l

Bees Toxic to bees.

Environmental Fate:

Animals In rats, following oral administration, rapidly metabolized by hydrolysis, oxidation and conjugation, forming carbofuran methylol, carbofuran phenol, and their 3-hydroxy and 3-keto derivatives; the metabolites are rapidly excreted.

Plants Metabolites include carbofuran (*q.v.*) and 3-hydroxycarbofuran.

Soil/Environment

In soil, rapidly degraded under both aerobic and anaerobic conditions, DT₅₀ c. 2-5 d; DT₉₀ <3-38 d; the principal metabolite is carbofuran.

Section 13. Disposal Considerations

Disposal of product would be treated, stored, transported, and disposed of according to the local waste regulation authority. Do not flush to surface water or sanitary sewer system.

Section 14. Transport Information

IMO Classification

Carbosulfan

Class: 6.1

UN No.: Not available

Packaging Group II

Marine Pollutant

Section 15. Regulator Information

European/International Regulation:

Hazard Symbols:

Risk Phrases:

R 26/28 Very toxic by inhalation and if swallowed.

Safety Phrases:

S 1/2 Keep locked-up and out of reach of children

S 13 Keep away from food, drink and animal feeding stuffs

S 20/21 When using do not eat or drink or smoke.

S 24/25 Avoid contact with skin and eyes

S 36/37 Wear suitable protective clothing, gloves.

S 45 In case of accident or if you feel unwell, seek medical advice immediately
(show the label where possible).

Section 16. Other Information

The above information contained herein is given to the best of our knowledge. However, no warranty is expressed.
