

	MATERIAL SAFETY DATA SHEET	Page 1 of 3
	Pelex®	Date of revision: 10 April 2017

Section 1: Product and Company Information

Identification of the product:	Pelex®
Company Identification:	Bentoli Agrinutrition Co., Ltd. 333/52-53 Moo 6, Tambon Bangpla, Amphur Bangplee, Samutprakarn 10540, Thailand.
Telephone:	+66 2 136 9001-2
Fax:	+66 2 136 9003
Chemical Name:	Mixture
CAS Registration No:	Mixture
Product Use:	The low-inclusion binder for superior pelleting of all animal feeds

Section 2: Composition and Information on Ingredients

Principle Components	% by Weight
Modified urea-formaldehyde	Not Applicable

Section 3: Hazards Identification

Potential Acute Health Effects:	Contact with eyes will result in moderate to severe irritation. Contact with skin will result in moderate irritation. Swallowing can result in nausea, vomiting and abdominal pain. Exposure to fumes (hot press) may irritate mucous membrane and cause dizziness/headache. On exposure to flames will emit toxic fumes.
Potential Chronic Health Effects:	No known chronic effects

Section 4: First Aid Measures

Skin Contact:	Rinse with water. Remove contaminated clothing.
Eye Contact:	Check for and remove any contact lenses. Flush with water for 15 min holding eyelids apart. Get Medical attention if irritation occurs.
Inhalation:	Move to fresh air. If not breathing give oxygen and get medical attention.
Ingestion:	Rinse mouth. Do NOT induce vomiting. Give plenty of water to drink. Refer for medical attention.

Section 5: Fire Fighting Measures

Extinguishing Media:	All extinguishing media can be used
Not to be used	None
Surrounding Fires	Use water spray or fog for cooling exposed containers
Auto Ignition Temperature:	No Available data
Flammable Limits:	Not Applicable
Products of combustion:	No Available data
Special Exposure Hazards:	Will produce irritating vapors, smoke and toxic decomposition products.
Protection against Fire	Wear recommended personal protective equipment
Special procedures:	Exercise caution when firefighting any chemical fire.

	Pelex®	Date of revision: 10 April 2017

Section 6: Accidental release Measures

Leak and Spill Procedures:	Use sweeping and cleaning with appropriate tools to put the spilled solid in a convenient waste disposal container during clean up. Wear respiratory protection to avoid breathing dust. Wear gloves and goggles to avoid skin and eye contact.
----------------------------	---

Section 7: Handling and Storage

Handling:	Care should be taken to minimize dust and avoid contact with eyes and skin.
Storage:	Store the product in a cool, dry place and away from sunlight. Keep the container tightly closed when not in use.

Section 8: Exposure Control/ Personal Protection

Engineering Controls:	If use produces dust, use proper ventilation to keep the exposure to contaminants below the exposure limit.
Personal Protection:	Use of safety glasses, gloves, full suit and National Institute for Occupational Safety and Health (NIOSH) approved dust mask or respirator should be in place. Employees should wash hands or exposed skin with soap and water.

Section 9: Physical and Chemical Properties

Physical State:	Solid - Powder
Odor and Appearance:	Free flowing, White hygroscopic powder with a mild pleasant odor
Vapor Density (air = 1):	Not Applicable
Vapor Pressure:	Not Applicable
pH:	7.0 - 8.0
Flash Point	>100°C, Not combustible

Section 10: Stability and Reactivity

Stability:	Pelex® is stable for 12 months from the date of manufacture.
Incompatibility with other substances:	Pelex® is compatible for use with all commonly used feed ingredients and premixes.
Conditions to avoid:	Sunlight, heat and humid conditions

Section 11: Toxicological Information

Toxicity to Animals:	Not known
Oral:	Not known
Dermal:	Not known
Toxic effects on Humans:	Causes respiratory tract irritation.

Section 12: Ecological information

This Product is not expected to be toxic to the animals or aquatic life.

Section 13: Disposal Considerations

Waste disposal:	Waste must be disposed of in accordance with federal, state and local environmental control regulations.
-----------------	--

Section 14: Transport Information

DOT Classification:	Not a DOT controlled material (United States)
Identification:	Not Applicable

Section 15: Other Information

The contents and format of this MSDS are in accordance with EEC Commission Directive 2001/58/EC

DISCLAIMER OF LIABILITY The information in this MSDS was obtained from sources we believed are reliable. However, the information is provided without any warranty, express or implied, regarding its correctness. The conditions or methods of handling, storage, use or disposal of the product are beyond our control and may be beyond our knowledge. For this and other reasons, we do not assume responsibility and expressly disclaim liability for loss, damage or expense arising out of or in any way connected with the handling, storage, use or disposal of the product. This MSDS was prepared and is to be used only for this product. If the product is used as a component in another product, this MSDS may not be applicable.
