

AQUACHOK AMINO**1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND THE COMPANY/UNDERTAKING:****Product name:** AQUACHOK AMINO**Reference:** 35260**Company:** LABIANA Life Sciences, S.A. C/ Venus 26 Can Parellada Industrial 08228 TERRASSA

Emergency telephone: (93) 736 97 00 Fax: (93) 786 25 58

National Institute for Toxicology: (+34) 915620420 (24h)

2- HAZARDS IDENTIFICATION:

Critical hazards to man and the environment:

In case of accidental overdose, clinical signs of hypervitaminosis will emerge. Seek medical advice.

3- COMPOSITION/INFORMATION ON INGREDIENTS:**Substance/finished product:** Finished product.**Composition:**Vitamins (A, D₃, E, B₁, B₆, B₁₂, C, K₃...) + Aminoacids (Vegetal protein hydrolized)

Excipients

Hazardous ingredients:

None

Type of product: Liquid**4- FIRST AIDS:**

If swallowed drink plenty of water, and seek medical advice.

In case of contact with eyes, wash with plenty of water and seek medical advice.

In case of contact with skin, wash with plenty of water and seek medical advice.

In case of inhalation, go to a fresh and well-ventilated place. Seek medical advice.

AQUACHOK AMINO**5- FIRE FIGHTING MEASURES:**

Suitable extinguishing media: water spray, carbon dioxide, foam, dry extinguishing media.

Special equipment for the protection of firefighters: protection clothes, breathing equipment.

6- MEASURES IN CASE OF ACCIDENT:

Personal precautions: Avoid contact with skin and eyes. Use gloves and glasses.

Environmental precautions: Do not let the product enter drains.

Methods for cleaning up: Take up with adsorbent material and dispose of safely according with local regulations. Wash with plenty of water.

7- HANDLING AND STORAGE:

Handling: Protection against fire and explosion: handle in accordance with good industrial hygiene and safety practice.

Storage: Keep tightly closed in a dry, cool and well-ventilated place, protected from light. Avoid contact with air and oxidants. Keep at temperature under 25°C.

8-EXPOSURE CONTROLS AND PERSONAL PROTECTION:

Hygienic measures: General safety and hygiene measures: the usual precautions for the handling of chemicals must be observed.

Personal protective equipment: Protective gloves and safety glasses.

9- PHYSICAL AND CHEMICAL PROPERTIES:

Form: oral liquid.

Colour: brown

Melting temp: n/a

Boiling temp: n/a

Flash point: n/a

Flammability: Not flammable.

Ignition temperature: n/a

Explosion limits: n/a

Steam pressure: n/a

Solubility in water: soluble

Density: 1,075-1,090 g/ml

PH value: 5,0-5,15

10-STABILITY AND REACTIVITY:

Thermal decomposition: None, with proper storage and handling.

AQUACHOK AMINO**11-TOXICOLOGICAL INFORMATION:**

Acute toxicity: No data available.

Sensitisation: No data available.

CMR effects: - Carcinogenity: Not carcinogenic.

- Mutagenicity: Not mutagenic.

- Toxicity for reproduction: No evidence of human reproductive effects.

Vitamin B₁: DL₅₀ (oral/rat) > 3.710 mg/kg

Vitamin B₂: DL₅₀ (oral/rat) > 10000 mg/kg

Vitamin B₆: DL₅₀ (oral/rat) > 4000 mg/kg

Nicotinamide: DL₅₀ (oral/rat) = 3530 mg/Kg

Vitamin A Palmitate: DL₅₀ (oral/rat): 2000 mg/kg, DL₅₀ (oral/mouse): 1510 mg/kg,

DL₅₀ (intraperitoneal/mouse): 1510 mg/kg

Vitamin D₃: DL₅₀ (oral/rat): 42 mg/kg, DL₅₀ (oral/mouse): 42.500 µg/kg,

DL₅₀ (intraperitoneal/mouse): 136 mg/kg, DL₅₀ (oral/dog): 80 mg/kg,

DL₅₀ (oral/duck): > 2 g/kg

Vitamin E acetate: DL₅₀ (oral/mouse) 5000 mg/kg, DL₅₀ (intraperitoneal/mouse) 5000 mg/kg,

DL₅₀ (oral/rat) > 16 g/kg, DL₅₀ (intraperitoneal/rat) 840 mg/kg

Folic acid: DL₅₀ (oral/rat): 1000 mg/kg

This product has not been tested. The hazard assessment was made based on the properties of the individual components.

12-ECOLOGICAL INFORMATION:**Elimination information**

The product is considered to be a water pollutant.

It must not be allowed to reach soil, ground water or drains.

The product does not cause essential disturbances of ecological processes and equilibriums, when used in the recommended concentrations and way of applications.

This product cannot be poured to the sewerage.

13- DISPOSAL:

In accordance with federal, state and local regulations mix with inflammable liquids and incinerate in authorized, suitable combustion facilities.

If empty, uncleaned containers are recycled or disposed of, the receiver must be informed about possible hazards.

AQUACHOK AMINO**14- TRANSPORT INFORMATION:**

Road transport (ADR/RID): Non-hazardous goods.
Transport by sea (IMDG): Non-hazardous goods.
Transport by air (ICAO/IATA): Non-hazardous goods.

15- REGULATORY INFORMATION:Labelling according to EEC Directives:

On the basis of the data available to us, this product is not a dangerous substance or preparation within the meaning of chemikaliengesetz and/or EC-Directives concerning dangerous substances and preparations; however, the information given in this material safety data sheet must be adhered to

16- OTHER INFORMATION:

This safety data sheet is according to the European Regulation (EC) No 1907/2006 (REACH). The information contained in this MSDS is based on the present state of knowledge and concerns a product description in conformity to health, safety and environment regulations.
This information shall be used as a guide and does not imply any warranty concerning the specific properties of the product.
