

SECTION 1: IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERTAKING**1.1 Product identifier**

Product Name : Coated ascorbic acid (97)
Product Number : SLCB01
Brand : NHU
CAS-No. : 50-81-7
Index-No. : Not available

1.2 Details of the supplier of the safety data sheet

Company : Heilongjiang NHU Biotechnology Co. , Ltd.
Street Address : No.2 Haotian Road, Economic and Technological
Development Zone, Suihua, Heilongjiang, China
Technical Phone : +86-575-86133360
Fax : +86-575-86165366
E-Mail : sales@cnhu.com

1.4 Emergency telephone number

Please contact the regional NHU representation in your country.

SECTION 2 - HAZARDS IDENTIFICATION**2.1 Classification of the substance or mixture**

Not classified.

2.2 GHS label elements, including precautionary statements

Pictogram(s) : No symbol
Signal word : No signal word
Hazard statement(s) : None
Precautionary statement(s)
Prevention : None
Response : None
Storage : None
Disposal : None

2.3 Other hazards which do not result in classification

None

SECTION 3 - COMPOSITION, INFORMATION ON INGREDIENTS**3.1 Substances**

MSDS Creation Date: Jan.19, 2022

Characterization: slightly soluble in water; food and feed additive**Chemical name:** L-threo-hex-2-enoic acid γ -lactone; 3-oxo-L-gulofuranolactone (enol form)**Synonyms:** L-Ascorbic acid

L-xylo-ascorbic acid

L-(+)-ascorbic acid; vitamin C

CAS number : 50-81-7**Empirical formula:** $C_6H_8O_6$ **Molecular mass:** 176.13 g/mol**3.2 Mixtures.**

Ingredient	Ratio	Function
Ascorbic Acid	97.0-98.5%	Active Ingredient
Ethyl cellulose	1.5%-3.0%	Carrier

SECTION 4 - FIRST AID MEASURES**4.1 Eye contact:** rinse immediately with tap water for 10 minutes - open eyelids forcibly**4.2 Skin contact :** remove contaminated clothes, wash affected skin with water and soap - do not use any solvents**4.3 Inhalation:** remove the casualty to fresh air and keep him/her calm in the event of symptoms get medical treatment**4.4 Note to physician:** treat symptomatically**SECTION 5 - FIRE FIGHTING MEASURES****5.1 Suitable extinguishing media:** water spray jet, dry powder, foam, carbon dioxide**5.2 Specific hazards:** severe dust explosion hazard**5.3 Protection of fire-fighters:** precipitate gases/vapours/mists with water spray**SECTION 6 - ACCIDENTAL RELEASE MEASURES****6.1 Methods for cleaning up:** collect solids (avoid dust formation) and hand over to waste removal, rinse with plenty of water**SECTION 7 - HANDLING AND STORAGE**

7.1 Handling

Technical measures: processing in closed systems, if possible superposed by inert gas(e.g. nitrogen) local exhaust ventilation necessary, take precautionary measures against electrostatic charging avoid dust formation; high dust explosion hazard

Suitable materials: stainless steel, coated steel (protective lacquer), glass, polyethylene, polypropylene, enamel

Unsuitable materials: aluminium, copper, zinc, iron etc.

7.2 Storage

Storage conditions: in closed containers, protected from humidity, at room temperature

Packaging materials: tightly closing material like polyethylene

SECTION 8 - EXPOSURE CONTROLS, PERSONAL PROTECTION

8.1 Engineering Measures: see 7

8.2 Monitoring

Threshold value air: none established

Analytcs: sampling in water and gravimetric or chemical determination

8.3 Personal protective equipment

Respiratory protection: in case of high dust concentrations: particle mask or respirator with independent air supply

Skin Protection: wear protective gloves and clean body-covering clothing

Eye protection: safety glasses

SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

9.1 Information on basic physical and chemical properties

Colour: White

Form: Particles

Odour: almost odourless, with sharp acidic, pleasant taste

Density: 1.65 g/cm³

Solubility: slightly soluble in water

SECTION 10 - STABILITY AND REACTIVITY

10.1 Stability: stable at room temperature under exclusion of humidity

10.2 Conditions to avoid: humidity, heat

10.3 Materials to avoid: oxidizing agents, atmospheric oxygen, bases, metals, metal salts

10.4 Note: on prolonged storage, a yellow discolouration may occur through slow decomposition, which does not noticeably diminish biological activity, however in aqueous solutions ascorbic acid is very susceptible to oxidative decomposition, particularly in the presence of alkali resp. heavy metal ions

SECTION 11 - TOXICOLOGICAL INFORMATION

11.1 Information on toxicological effects

Acute toxicity: LD50 11'900 mg/kg (oral, rat)

Local effects: eye: may cause mild irritations

mucous membranes: may cause mild irritations

skin: may cause mild irritations; particularly in conjunction with

humidity (perspiration)

Chronic toxicity: in predisposed individuals 4-12 g/d may cause urinary, calculus

Mutagenicity: no suspicion of human mutagenicity

Carcinogenicity: not carcinogenic (several species)

Reproduction toxicity: not teratogenic, not embryotoxic

Note: oral uptake of up to 9 g per day does not produce any Serious toxic effects, however, even lesser quantities may cause diarrhea. RDA (recommended daily allowance): 60 mg

SECTION 12 - ECOLOGICAL INFORMATION

12.1 Inherent biodegradability: well inherently biodegradable.

12.2 Ecotoxicity: barely toxic for fish, LC50 (96 h) 1020 mg/l, the inhibitory concentration relates to re-attachment to substrate (*Dreissena polymorpha*) MIC (48 h) > 50 mg/l (nominal concentration)

12.3 Air pollution: observe local/national regulations

SECTION 13 - DISPOSAL CONSIDERATIONS

13.1 Waste from residues: observe local/national regulations regarding waste disposal, drain very small quantities into wastewater treatment plant. large amounts: incinerate in qualified installation with flue gas scrubbing.

SECTION 14 - TRANSPORT INFORMATION

14.1 UN Number

ADR/RID: Not dangerous goods. IMDG: Not dangerous goods ITAT: Not dangerous goods

14.2 UN Proper Shipping Name

ADR/RID: unknown

IMDG: unknown

IATA: unknown

14.3 Transport hazard class(es)

ADR/RID: Not dangerous goods. IMDG: Not dangerous goods ITAT: Not dangerous goods

14.4 Packing group, if applicable

ADR/RID: Not dangerous goods.

14.5 Environmental hazards

ADR/RID: no

14.6 Special precautions for user

No data available

14.7 Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code

No data available

SECTION 15 - REGULATORY INFORMATION

15.1 Note: no classification and labelling according to EU directives

SECTION 16 - ADDITIONAL INFORMATION

Further information: The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product. NHU Corporation and its Affiliates shall not be held liable for any damage resulting from handling or from contact with the above product
