

## 1.CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

|                          |                                                                                                                     |
|--------------------------|---------------------------------------------------------------------------------------------------------------------|
| <b>Product Name</b>      | <b>Penguin Seal 560-T</b>                                                                                           |
| <b>Manufacturer Name</b> | Sunstar Chemical (Thailand) Co.,Ltd.                                                                                |
| <b>Address</b>           | 624 Moo 4 Bangpoo Industrial Estate Soi7A Sukhumvit Rd., Praksa,<br>Muang Samutprakarn, Samutprakarn 10280 Thailand |
| <b>Telephone Number</b>  | +66 2709 4531                                                                                                       |
| <b>Fax Number</b>        | +66 2709 4541                                                                                                       |

## 2.HAZARDS IDENTIFICATION

### PHYSICAL HAZARDS

Not classified

### HEALTH HAZARDS

|                                                             |                             |
|-------------------------------------------------------------|-----------------------------|
| Acute toxicity: oral                                        | Not classified              |
| Acute toxicity: skin                                        | Category 5                  |
| Acute toxicity: inhalation(gas)                             | Not applicable              |
| Acute toxicity: inhalation(vapor)                           | Classification not possible |
| Acute toxicity: inhalation(mist)                            | Category 4                  |
| Skin corrosion/irritation                                   | Not classified              |
| Serious eye damage/eye irritation                           | Not classified              |
| Respiratory sensitization                                   | Not classified              |
| Skin sensitization                                          | Not classified              |
| Germ cell mutagenicity                                      | Not classified              |
| Carcinogenicity                                             | Category 2                  |
| Toxic to reproduction                                       | Not classified              |
| Specific target organ systemic toxicity (single exposure)   | Not classified              |
| Specific target organ systemic toxicity (repeated exposure) | Category 1 (Lung)           |
| Aspiration hazard                                           | Not applicable              |

### ENVIRONMENTAL HAZARDS

|                            |                             |
|----------------------------|-----------------------------|
| Aquatic toxicity (acute)   | Not classified              |
| Aquatic toxicity (chronic) | Classification not possible |

## ALLOCATION OF LABEL ELEMENTS

### Hazard symbol

### Signal word

Danger

### Hazard statement

- H313 May be harmful in contact with skin
- H332 Harmful if inhaled
- H351 Suspected of causing cancer
- H372 Causes damage to organs (Lung) through prolonged or repeated exposure

### Precautionary statements

#### Prevention

- P201 Obtain special instructions before use.
- P202 Do not handle until all safety precautions have been read and understood.
- P260 Do not breathe dust/fume/gas/mist/vapours/spray.
- P264 Wash hands thoroughly after handling.
- P270 Do not eat, drink or smoke when using this product.
- P271 Use only outdoors or in well-ventilated area.
- P280 Wear protective gloves/protective clothing/eye protection/face protection.

**Response**

P304+P340 IF INHALED: Remove person to fresh air and keep comfortable for breathing.

P312 Call a POISON CENTER/doctor, if you feel unwell.

P308+P313 IF exposed or concerned: Get medical attention/advice.

P314 Get medical attention if you feel unwell.

**Storage**

P405 Store locked up.

**Disposal**

P501 Dispose of contents/container to..... .

(in accordance with local/regional/national/international regulation)

**3.COMPOSITION/INFORMATION ON INGREDIENTS****Substance/Preparation**

Preparation

**General Name**

One-component polyurethane resin sealant

**Components Contributing to the Hazard**

| Components                   | Cas No    | %WT   |
|------------------------------|-----------|-------|
| Carbon black                 | 1333-86-4 | 15-25 |
| Diphenylmethane diisocyanate | 101-68-8  | <1    |

**4.FIRST AID MEASURES****Inhalation**

Remove to fresh air and get immediate medical attention

**Skin Contact**

Wash well with soap and water

**Eye Contact**

Flush eye with water at least 15 minutes and get medical attention

**Ingestion**

Get medical attention immediately

**5.FIRE-FIGHTING****Extinguishing Media**

Carbon dioxide, dry chemical, foam

**Special Hazards**

Toxic gases(nitrogen oxides) will foam upon combustion

**Special Methods**

Evacuate non essential personnel

Move container from fire areas if it can be done without risk

Keep personnel removed from and upwind of fire

**Protection of Firefighters**

Wear self-contained breathing apparatus

**6.ACCIDENTAL RELEASE MEASURES****Personal Precautions**

Wear protective equipment and avoid contact with skin

**Environmental Precautions**

Do not allow to enter sewers/surface or groundwater

**Methods for Cleaning up**

Absorb with liquid - binding materials (sand, sawdust etc)

Scoop material into containers for disposal

## 7.HANDLING AND STORAGE

### Handling

#### Technical Measures

- Keep away from sources of ignition
- Avoid eye and skin contact
- Keep containers closed when not in use

#### Precautions

- Use in the well - ventilated areas

### Storage

#### Suitable Storage Conditions

- Keep container closed
- Store in a cool and well ventilated place
- Protect material from direct sunlight

## 8.EXPOSURE CONTROLS/PERSONAL PROTECTION

### Control Parameters

| Components                   | ACGIH (2007,TWA)     |
|------------------------------|----------------------|
| Carbon black                 | 3.5mg/m <sup>3</sup> |
| Diphenylmethane diisocyanate | 0.005ppm             |

### Personal Protective Equipment

#### Hand Protection

- Protective gloves

#### Eye Protection

- Safty glasses

#### Skin and Body Protection

- Avoid contact with skin

### Hygiene Measures

- Wash hands before breaks and at the end of work

## 9.PHYSICAL AND CHEMICAL PROPERTIES

### Physical State

|                                              |                             |
|----------------------------------------------|-----------------------------|
| Appearance                                   | Paste                       |
| Colour                                       | Black                       |
| Odor                                         | Slight odor                 |
| PH                                           | Not established             |
| Melting point/freezing point                 | No data                     |
| Initial boiling point and boiling range      | No data                     |
| Flashpoint                                   | >200°C                      |
| Evaporation rate                             | No data                     |
| Flammability                                 | No data                     |
| Upper/lower flammability or explosive limits | No data                     |
| Vapour pressure                              | No data                     |
| Relative density                             | About 1.3                   |
| Solubility                                   | Soluble in organic solvents |
| Partition coefficient:n-octanol/water        | No data                     |
| Auto-ignition temperature                    | No data                     |
| Viscosity                                    | No data                     |

## 10.STABILITY AND REACTIVITY

### Stability

- Stable under normal conditions

### Possible Hazardous Reactions

- Reactive with water and amine compound

### Conditions to Avoid

- Avoid water and amine compound

### Hazardous Decomposition Products

- Nitrogen oxides

(in addition to CO , CO<sub>2</sub> , H<sub>2</sub>O)

**11.TOXICOLOGICAL INFORMATION**

4/4

**Acute toxicity: skin**

Category 5

May be harmful in contact with skin

**Acute toxicity: inhalation(mist)**

Category 4

Harmful if inhaled

**Carcinogenicity**

Category 2

Suspected of causing cancer

**Specific target organ systemic toxicity (repeated exposure)**

Category 1 (Lung)

Causes damage to organs (Lung) through prolonged or repeated exposure

**12.ECOLOGICAL INFORMATION****Aquatic toxicity (acute)**

Not classified

**Aquatic toxicity (chronic)**

Classification not possible

**13.DISPORSAL CONSIDERATIONS****Waste from Residues**

Follow the all regulations in your country.

**Contaminated Packaging**

Follow the all regulations in your country.

**14.TRANSPORT INFORMATION****UN Class** None**UN No** None**Specific Precautionary Transport Measures and Conditions**

Follow the all regulations in your country.

**15.REGULATORY INFORMATION**

Follow the all regulations in your country.

**16.OTHER INFORMATION**

The information herein is given in good faith, but no warranty, express or implied, is made.

The information presented herein is believed to be accurate but is not warranted. Recipients are advised to confirm

in advance that the information is current, applicable and suitable to there circumstances.
