

MATERIAL SAFETY DATA SHEET

MSDS No. : 201576

Revised : Apr. 04 2011

1. CHEMICAL PRODUCT & COMPANY IDENTIFICATION

Product Trade Name : **SN-DEFOAMER 2000**

Name of Manufacturer : **SAN NOPCO LIMITED**

Name of Section : Paint Chemicals Group
Paper & Paint Chemicals Research Dept.

Address : 31-1, Shinpo-cho, Tokai-city, Aichi Pref. 476-0005 JAPAN

Telephone No. : +81-52-604-0196

Fax No. : +81-52-601-7038

2. COMPOSITION/INFORMATION ON INGREDIENTS

Substance/Mixture : Mixture

Chemical Name : Metallic soap, mineral oil, surfactants and water.

Ingredients and Composition :

Ingredient	CAS No.	Hazard Data	Contents(Wt%)
Mineral oil	Trade secret	TLV(*): 5mg/m ³ (oil mist)	
Metallic soap and surfactants	Trade secret (Registered in CAS inventory)	TLV(*) : None established	
Water	7732-18-5		
			Total 100

(*) : ACGIH Threshold Limit.

UN Class : Not applicable

3. HAZARDS IDENTIFICATION

Class Name of Hazardous Chemicals for SDS in JAPAN : Not applicable

Physical and Chemical Hazards : Nonflammable

Adverse Human Health Hazards : Irritating to skin, eyes and respiratory system.

4. FIRST AID MEASURES

Skin Contact :

Wash thoroughly with plenty of water. Remove contaminated clothing and footwear. Wash clothing before reuse. Get medical attention if irritation should develop.

Eye Contact :

Flush at once with large amounts of water for at least 15 minutes holding eyelids apart. Washing within one minute is essential to achieve maximum effectiveness. Get medical attention.

Inhalation :

Remove to fresh air.

Ingestion :

Rinse mouth with warm-water. DO NOT induce vomiting. If vomiting should occur spontaneously, keep airway clear. Never give anything by mouth to an unconscious person. Get medical attention.

5. FIRE FIGHTING MEASURES

Specific Hazards with Regards to Fire-Fighting Measures :

Hazardous decomposition products (carbon monoxide, carbon dioxide) will form upon combustion.

Extinguishing Media :

Water spray, foam, carbon dioxide, or dry chemical

Special Fire Fighting Procedure :

Cool exposed containers with water spray. Self-contained breathing apparatus in confined area.

6. ACCIDENTAL RELEASE MEASURES

Stop leaks. Remove large spills with vacuum truck. Absorb smaller spills with inert absorbent material (eg.sawdust, dry sand, earth, cloth, etc.) and place in a chemical waste container with covers for disposal. Flush residual spills with water. Wear adequate personal protective clothing and equipment.

7. HANDLING AND STORAGE

Handling :

Make emergency shower, washstand and eyewash available in the work area. Avoid contact with skin and eyes.

Storage :

It is recommended to storage between 5~40°C. And mix well before using.

8. EXPOSURE CONTROL/PERSONAL PROTECTION

Control Parameters :

ACGIH : Not established.

Engineering Measures :

Good general ventilation should be sufficient for most conditions.

Personal Protective Equipment :

Eye Protection : Chemical splash goggles or face shield

Skin Protection : Rubber or plastic gloves

Respiratory Protection : Not required under normal condition of use. However, use an approved respiratory protection if necessary.

Other Required Equipment : Standard work clothing and shoes

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance : White liquid

Specific Gravity (25°C) : 0.95

Boiling Point (°C, 1013 hPa.) : ca. 100 (Water)

Freezing Point (°C) : ca. 0

Solubility in water : Dispersible

Viscosity(mPa · s 25°C) : 1200

pH (2% aqueous dispersion) : ca. 7

10. PHYSICAL HAZARDS (STABILITY & REACTIVITY)

Flash Point (°C, C.O.C) : None

Autoignition Temperature (°C) : Not available

Upper and Lower Explosion Limit (%) : Not available

Incompatible Materials : Strong oxidizing agents

Hazardous Decomposition Products : Carbon monoxide, carbon dioxide

Conditions Contributing Hazardous Polymerization : None

11. TOXICOLOGICAL INFORMATION

Corrosive and Irritant Properties : Irritating to skin and respiratory system. Corrosive and irritating to eyes.

Acute Toxicity (oral) : No data

Other Toxicological Information : No data

12. ECOLOGICAL INFORMATION

BOD = No data

COD = No data

Fish toxicity LC₅₀ (48hr.) = No data

13. DISPOSAL CONSIDERATION

Incinerate in accordance with applicable regulations in your country. Do not flush into the sewer.

14. TRANSPORT INFORMATION

Keep away from oxidizing materials. Make sure before loading that there is no leak of the product out of the container. Be sure to load and fix goods on the transportation equipment so as to prevent tumbling or falling down and resultant damage to the container. Follow all regulations in your country.

15. REGULATORY INFORMATION

Regulatory information with regards to this substance in your country or in your region should be examined by your own responsibility.

16. OTHER INFORMATION

FOR INDUSTRIAL USE ONLY!

All information, recommendations and suggestions appearing herein concerning our product are based upon tests and data believed to be reliable. However, it is the user's responsibility to determine the safety, toxicity, and suitability for his own use of the product described herein. Since the actual use by others is beyond our control, no guarantee, exposed or implied, is made by SAN NOPCO Limited as to the effects of such use, the results to be obtained, or the safety and toxicity of the product nor does SAN NOPCO Limited assume any liability arising out of use, by others, of the product referred to herein. The information herein is not to be construed as absolutely complete since additional information may be necessary or desirable when particular or exceptional conditions or circumstances exists or because of applicable laws or government regulations.
