

VITA safty data sheet

VCP/Q_06

Date/ revised : 1 September 2025

Version 1.00

Product : Choline chloride powder 60%N

1. Substance/preparation and company name**Choline chloride powder 60% N**Company :

VITA Co.,Ltd
22 Soi Sukhumvit 42 .Sukhumvi Road, Prakanong,
Klongtoey, Bangkok 10110
Tel : (662) 712-1055 Fax: (662) 712-1034

2. Composition /information on ingredientsChemical nature

2-hydroxyethyl-trimethyl-ammoniumchloride
CAS-No. 67-48-1 EINECS-No. 200-655-4

3. Possible hazards

Critical hazards to man and the environment :none

4. First aid measures

If inhaled :If difficulties occur after dust has been inhaled :fresh air, summon physician.

On skin contact :Wash with soap and water.

On contact with eyes :Wash affected eyes for at least 15 minutes under running water with eyelids held open.

On ingestion :Rinse mouth and then drink plenty of water.

5. Fire fighting measures

Suitable extinguishing media :water, foam, dry extinguishing media

The following can be given off in a fire :irritant gases/vapour

Special protective equipment :In case of fire, wear a self contained breathing apparatus.

VITA safty data sheet

VCP/Q_06

Date/ revised : 3 October 2024

Version 1.00

Product : Choline chloride powder 60%N

6. Accident release measures

Personal precautions :

If breathable dust is formed :Breathing protection required.

Environment precautions :

Sources of ignition should be kept clear (dust explosion hazard.)

Methods for cleaning up :Sweep/shovel up ; Avoid dust formation.

7. Handling and storage

Handling

Protection against fire and explosion :Avoid dust formation .Prevent electrostatic charge -sources of ignition should be kept well clear -fire extinguishers should be kept handy.

StorageKeep tightly closed in a dry and cool place .Protect from light.

8. Exposure controls and personal protection

Additional information on the lay-out of technical plant
(see 7)Components with workplace control parameters

none

Personal protective equipment

Respiratory protection :If breathable dust is formed.

Hand protection :protective gloves

9. Physical and chemical properties

Form :powder

Colour : Brownish

Odour :faint specific odour

Bluk density : 400-700 kg/m³Solubility in water : partly soluble

VITA safety data sheet

VCP/Q_06

Date/ revised : 3 October 2024

Version 1.00

Product : Choline chloride powder 60%N

10. Stability and reactivity

Hazardous reactions :dust explosion hazard

Hazardous decomposition products :No decomposition if used as directed.

11. Toxicological information

Acute toxicity

LD50/oral/rat: > 2000 mg/kg

Primary skin irritation/rabbit/BASF test: non-irritant

Primary mucous membrane irritation/rabbits' eyes/BASF test: non-irritant.

12. Ecological information

Elimination information

Test method: DIN 38409-51

Method of analysis: BOD of the ThOD

Degree of elimination: > 60%

Evaluation: readily biodegradable

Behaviour and environmental fate

Inhibition of degradation activity in activated sludge is not to be anticipated during correct introduction of low concentrations.

Ecotoxic effects

Toxicity to fish (acute):

Test method: DIN 38 412, L1, L15

LC50/Leuciscus idus/: > 10000 mg/l/96h

EC/LC0(48 h): 10000 mg/l

Toxicity to daphnae (acute): Daphnia magna:

Test method: in accordance with EC Directive 79/831

EC/LC0(24 h): 250 mg/l

EC/LC50 (24 h): > 500 mg/l

EC/LC100(24 h): > 500 mg/l

EC/LC0(48 h): 125 mg/l

EC/LC50 (48 h): > 500 mg/l

EC/LC100(48 h): > 500 mg/l

Toxicity to algae:

Test method: DIN 38 412 L9

EC/LC10(72 h): > 500 mg/l

VITA safety data sheet

VCP/Q_06

Date/ revised : 3 October 2024

Version 1.00

Product : Choline chloride powder 60%N

EC/LC50 (72 h): > 500 mg/l

Toxicity to bacteria: Pseudomonas putida:

Test method: DIN 38412 Part 8

EC/LC10(17 h): 113 mg/l

EC/LC50 (17 h): 133 mg/l

EC/LC90(17 h): 278 mg/l

Further ecological information

Do not discharge product into natural waters without pretreatment (biological treatment plant).

The product has not been tested. The statements are based on the properties of the individual components.

13. Disposal considerations

Product :Must be dumped or incinerated in accordance with local regulations.

Contaminated packaging :Uncontaminated packs can be recycled.

Uncleaned empties should be disposed of in the same manner as the contents.

14. Transport information

Not classified as hazardous under transport regulations.

15. Regulatory information

Labeling according to Livestock Dept.

Not subject to labeling.

National legislation /regulations

16. Other information

A backslash in the left hand margin indicates an amendment from the previous version.

The information contained herein is based on the present state of our knowledge and does not therefore guarantee certain properties.
Recipients of our product must take responsibility for observing existing laws and regulations.
