

# SODIUM ASCORBATE

## Safety Data Sheet

Date of issue: 2023/01/28 version: 1.0

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

Product form : Substance

Product name : SODIUM ASCORBATE

EC no : 205-126-1

CAS No : 134-03-2

Product code : 033

#### 1.2. Details of the supplier of the safety data sheet

Northeast Pharmaceutical Group Co.,LTD

No.29 Shenxiliu Dong Road, Economic Technology Development District, Shenyang, P.R. China.

T: +86-024-22721818

#### 1.3. Emergency telephone number

Emergency number +86-024-25806502, +86-024-25806802

### SECTION 2: Hazards identification

#### 2.1. Classification of the substance or mixture

Classification according to Regulation (EC) No. 1272/2008 [CLP]

Not classified

#### Adverse physicochemical, human health and environmental effects

No additional information available

#### 2.2. Label elements

Labelling according to Regulation (EC) No. 1272/2008 [CLP]

No labelling applicable

#### 2.3. Other hazards

Other hazards not contributing to the : Exposure may produce an allergic reaction  
classification

### SECTION 3: Composition/information on ingredients

#### 3.1. Substances

| Name                                   | Product identifier                   | %     | Classification according to Regulation (EC) No.1272/2008 [CLP] |
|----------------------------------------|--------------------------------------|-------|----------------------------------------------------------------|
| SODIUM ASCORBATE<br>(Main constituent) | (CAS No)134-03-2<br>(EC no)205-126-1 | ≤ 100 | Not classified                                                 |

#### 3.2. Mixture

Not applicable

### SECTION 4: First aid measures

#### 4.1. Description of first aid measures

General advice : No hazards which require special first aid measures.

If inhaled : Move to fresh air. If symptoms persist, call a physician.

In case of skin contact : Take off contaminated clothing and shoes immediately.  
Wash off with soap and plenty of water.

In case of eye contact : Rinse cautiously with water for several minutes. Remove contact lenses, if

# SODIUM ASCORBATE

## Safety Data Sheet

present and easy to do. Continue rinsing.

If swallowed : Clean mouth with water and drink afterwards plenty of water. Do not give milk or alcoholic beverages. Never give anything by mouth to an unconscious person.

### 4.2. Most important symptoms and effects, both acute and delayed

Symptoms/injuries : None known.

### 4.3. Indication of any immediate medical attention and special treatment needed

In all cases of doubt, or when symptoms persist, seek medical attention.

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

Suitable extinguishing media : Water spray. Carbon dioxide. Dry powder. Foam.

### 5.2. Special hazards arising from the substance or mixture

Reactivity : Stable under normal conditions.

### 5.3. Advice for firefighters

Precautionary measures fire : Small amounts: Use normal individual fire protective equipment. Large amounts: Not applicable .Firefighting instructions : Dilute with water.

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

General measures : Avoid raising dust. Wear suitable protective clothing, gloves and eye or face protection. Avoid all unnecessary exposure.

#### 6.1.1. For non-emergency personnel

No additional information available

#### 6.1.2. For emergency responders

No additional information available

### 6.2. Environmental precautions

No additional information available

### 6.3. Methods and material for containment and cleaning up

Methods for cleaning up : Sweep spilled substance into containers; if appropriate, moisten first to prevent dusting.

Ensure waste is collected and contained. Clean thoroughly. Clean with water. Collect all waste in suitable and labelled containers and dispose according to local legislation.

### 6.4. Reference to other sections

No additional information available

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

Avoid all unnecessary exposure.

### 7.2. Conditions for safe storage, including any incompatibilities

Technical measures : Comply with applicable regulations.

Storage conditions : To guarantee the quality and properties of the product, keep : In a non-metallic container, protected from light.

Incompatible products : Strong oxidizing agents.

## SECTION 8: Exposure controls/personal protection

# SODIUM ASCORBATE

## Safety Data Sheet

### 8.1. Control parameters

No additional information available

### 8.2. Exposure controls

|                          |                                                                                                                                                       |
|--------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|
| Respiratory protection   | No personal respiratory protective equipment normally required.<br>In case of high dust concentration use a dust mask applicable to local conditions. |
| Hand protection          | Glove material: for example nitrile rubber.                                                                                                           |
| Eye protection           | Safety glasses with side-shields.                                                                                                                     |
| Skin and body protection | Choose body protection according to the amount and concentration of the dangerous substance at the work place.                                        |
| Hygiene measures         | Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday.                            |

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

|                                            |                                                      |
|--------------------------------------------|------------------------------------------------------|
| Physical state                             | : Solid                                              |
| Appearance                                 | : white or yellowish crystalline powder or crystals. |
| Colour                                     | : No data available                                  |
| Odour                                      | : No data available                                  |
| Odour threshold                            | : No data available                                  |
| pH (10%)                                   | : 7.0-8.0                                            |
| Relative evaporation rate (butylacetate=1) | : No data available                                  |
| Melting point                              | : about 220 °C                                       |
| Freezing point                             | : No data available                                  |
| Boiling point                              | : No data available                                  |
| Flash point                                | : No data available                                  |
| Self ignition temperature                  | : No data available                                  |
| Decomposition temperature                  | : No data available                                  |
| Flammability (solid, gas)                  | : No data available                                  |
| Vapour pressure                            | : No data available                                  |
| Relative vapour density at 20 °C           | : No data available                                  |
| Relative density                           | : No data available                                  |
| Solubility                                 | : Freely soluble in water                            |
| Log Pow                                    | : -7,05 at 20 °C                                     |
| Log Kow                                    | : No data available                                  |
| Viscosity, kinematic                       | : No data available                                  |
| Viscosity, dynamic                         | : No data available                                  |
| Explosive properties                       | : No data available                                  |
| Oxidising properties                       | : No data available                                  |
| Explosive limits                           | : No data available                                  |

### 9.2. Other information

No additional information available

## SECTION 10: Stability and reactivity

# SODIUM ASCORBATE

## Safety Data Sheet

### 10.1. Reactivity

Stable under normal conditions.

### 10.2. Chemical stability

No additional information available

### 10.3. Possibility of hazardous reactions

Small amounts: None known. Large amounts: Not applicable.

### 10.4. Conditions to avoid

No additional information available

### 10.5. Incompatible materials

Small amounts: None under normal use. Large amounts: Not applicable.

### 10.6. Hazardous decomposition products

When heated to decomposition, emits dangerous fumes.

## SECTION 11: Toxicological information

|                                                     |                                                                                                       |
|-----------------------------------------------------|-------------------------------------------------------------------------------------------------------|
| Acute toxicity                                      | : Not classified                                                                                      |
| LD50 oral rat                                       | : 16300 mg/kg                                                                                         |
| Skin corrosion/irritation                           | : Not classified                                                                                      |
|                                                     | pH: 7.0 -8.0 (10%)                                                                                    |
| Serious eye damage/irritation                       | : Not classified                                                                                      |
|                                                     | pH: 7.0 -8.0 (10%)                                                                                    |
| Respiratory or skin sensitization                   | : Not classified                                                                                      |
| Germ cell mutagenicity                              | : Not classified                                                                                      |
| Carcinogenicity                                     | : Not classified                                                                                      |
| Reproductive toxicity                               | : Not classified                                                                                      |
| Specific target organ toxicity (single exposure)    | : Not classified                                                                                      |
| Specific target organ toxicity (repeated exposure)  | : Not classified                                                                                      |
| Aspiration hazard                                   | : Not classified                                                                                      |
| Potential Adverse human health effects and symptoms | : To our knowledge, the product does not present any particular risk, under normal conditions of use. |
|                                                     | Large amounts: Not applicable.                                                                        |

## SECTION 12: Ecological information

### 12.1. Toxicity

Ecology - general : Small amounts: Presents no specific risk for the environment. Large amounts: Not applicable.

Ecology - water : Soluble in water.

LC50 fishes 1 > 1000 mg/l LC50-96 Hour - fish

EC50 Daphnia 1 360 mg/l EC50 - 48 Hour - Daphnia magna

### 12.2. Persistence and degradability

No additional information available

### 12.3. Bioaccumulative potential

Log Pow -7,05 at 20°C

### 12.4. Mobility in soil

# SODIUM ASCORBATE

## Safety Data Sheet

No additional information available

### 12.5. Results of PBT and vPvB assessment

No additional information available

### 12.6. Other adverse effects

No additional information available

## SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

Regional legislation (waste) : Dispose in a safe manner in accordance with local/national regulations.

Waste disposal recommendations : Do not empty into drains, dispose of this material and its container at hazardous or special waste collection point.

## SECTION 14: Transport information

In accordance with ADR / RID / ADNR / IMDG / ICAO / IATA

### 14.1. UN number

No dangerous good in sense of transport regulations

### 14.2. UN proper shipping name

Not applicable

### 14.3. Transport hazard class(es)

Not applicable

### 14.4. Packing group

Not applicable

### 14.5. Environmental hazards

Other information : No supplementary information available.

### 14.6. Special precautions for user

#### 14.6.1. Overland transport

No additional information available

#### 14.6.2. Transport by sea

No additional information available

#### 14.6.3. Air transport

No additional information available

### 14.7. Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable

## SECTION 15: Regulatory information

### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

#### 15.1.1. EU-Regulations

No REACH Annex XVII restrictions

#### 15.1.2. National regulations

No additional information available

### 15.2. Chemical safety assessment

No additional information available

## SECTION 16: Other information

## **SODIUM ASCORBATE**

### **Safety Data Sheet**

---

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product. Users should make their own investigations to determine the suitability of the information for their particular purposes. In no way shall the company be liable for any claims, losses, or damages of any third party or for lost profits or any special, indirect, incidental, consequential or exemplary damages.
