

THEOPHYLLINE
MSDS/FP/051
Version: 1.6/February 01, 2019
1. Identification of the substance/mixture and of the company/undertaking
Product details
Product name : **THEOPHYLLINE**
Manufacturer/Supplier : **KORES (INDIA) LIMITED**
(Pharmaceuticals & Chemicals Division)

Address (Office) : C-7 / 1-B, T.T.C. Industrial Area, M.I.D.C.- Pawane
Navi Mumbai – 400 705. Maharashtra, India.
Phone : + 91 22 27613455 / 61389035
Fax : + 91 22 61389039 / 27613466
E-mail : info@korescd.com
Address (Factory) : Plot Nos. 58/1, 58/2, 59A, 65A, 65B, 65C & 66A MIDC
Industrial Area, Dhatav, Roha – 402 116,
Dist. Raigad
Maharashtra, India.
Phone : + 91 2194 263568
Fax : + 91 2194 263567
E-mail : qualityassurance.roha@kores-india.com
Contact : qualityassurance.roha@kores-india.com
2. Hazard Identification
Classification of substance or mixture

Classification according to : Harmful if swallowed.
Regulation (EC) No 1272/2008

Classification according to : Harmful if swallowed.
European Directive
67/548/EEC as amended

Label elements

Hazard pictograms :

Signal word : **Danger**
Hazard statements
H301 : **Toxic if swallowed**

THEOPHYLLINE

MSDS/FP/051

Version: 1.6/February 01, 2019

3. Composition / information on ingredients

Chemical characterization

Chemical Name : 1,3-Dimethyl-3,7-dihydro-1H-purine-2,6-dione.
Chemical formula : C₇H₈N₄O₂
Molecular weight : 180.2

CAS-No.	EC-No	Index-No.	Classification	Concentration
Theophylline				
58-55-9	200-385-7	--	H301	--

For the full text of the H - Statements mentioned in this Section, see Section 16.

4. First aid measures

If inhaled : Remove the person from exposure to fresh air immediately. If not breathing, give artificial respiration. Get medical aid.

In case of skin contact : Flush skin with plenty of soap and water for at least 15 minutes. Remove contaminated clothing and shoes.

In case of eye contact : Flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids and seek medical advice.

If swallowed : If swallowed, wash out mouth with water provided person is conscious. Seek immediate medical help.

5. Firefighting measures

Suitable extinguishing agents : Water Spray, Carbon Dioxide, dry chemical powder or chemical foam.

Protective equipment : Wear self-contained breathing apparatus and protective clothing to prevent contact with skin and eyes.

6. Accidental release measures

Personal precautions : Use personal protective equipment. Avoid dust formation. Avoid breathing dust. Ensure adequate ventilation.

Environmental precautions : Do not let product enter drains.

Methods for cleaning up : Pick up and arrange disposal without creating dust. Keep in suitable, closed containers for disposal.

7. Handling and storage

Precautions : Wash thoroughly after handling. Remove contaminated clothing and wash before reuse. Avoid contact with eyes, skin and clothing. Avoid ingestion and inhalation.

Storage : Store in single closed container. Close dry area away from other materials to control the cross contamination.

THEOPHYLLINE

MSDS/FP/051

Version: 1.6/February 01, 2019

8. Exposure controls/Personal protection

Contains no substances with occupational exposure limit values.

Personal protective equipment

- | | | |
|------------------------|---|--|
| Respiratory protection | : | Where risk assessment shows air-purifying respirators are appropriate use a dust mask type N95 (US) or type P1 (EN 143) respirator. Use respirators and components tested and approved under appropriate, government standards such as NIOSH (US) or CEN (EU). |
| Hand protection | : | Handle with gloves. For prolonged or repeated contact use protective gloves. |
| Eye protection | : | Use safety glasses. |
| Hygiene measures | : | Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday. |

9. Physical and chemical properties

Appearance

- | | | |
|-------|---|-----------------------|
| Form | : | Crystalline Powder |
| Color | : | White or almost white |

Safety data

- | | | |
|-----------------------|---|---|
| pH | : | No data available |
| Melting point | : | 270 °C - 274°C |
| Boiling point | : | No data available |
| Flash point | : | No data available |
| Ignition temperature | : | No data available |
| Lower explosion limit | : | No data available |
| Upper explosion | : | No data available |
| Solubility | : | <p>Ph. Eur. / BP: Slightly soluble in water, sparingly soluble in ethanol (96%). It dissolves in solutions of alkali hydroxides, in ammonia and in mineral acids.</p> <p>USP: Freely soluble in solutions of alkali hydroxides and in ammonia; sparingly soluble in alcohol, in chloroform & in ether; slightly soluble in water, but more soluble in hot water.</p> <p>IP: Sparingly soluble in ethanol; slightly soluble in chloroform and water, very slightly soluble in ether. It dissolves in solutions of alkali hydroxides, in aqueous ammonia and in mineral acids.</p> |

THEOPHYLLINE

MSDS/FP/051

Version: 1.6/February 01, 2019

10. Stability and reactivity

Chemical stability	:	Stable at normal conditions.
Dangerous reactions	:	No dangerous reaction known.
Materials to avoid	:	Strong oxidizing agents.
Dangerous products of decomposition	:	When heated to decompose gives out nitrogen oxide, carbon monoxide and carbon dioxide.

11. Toxicological information

Acute toxicity	:	Reduced blood pressure. May produce irregular heart beat and nervous symptoms. Headache. Dizziness.
Skin corrosion/irritation	:	No data available.
Serious eye damage/eye irritation	:	No data available.
RTECS #	:	XH3850000
LD₅₀ Oral – mouse	:	235 mg/kg
LD₅₀ Oral – rat	:	225 mg/kg
LD₅₀ Dermal – rabbit	:	>2000 mg/kg
Chronic exposure	:	No data available.
Potential health effects		
Inhalation	:	May be harmful if inhaled. May cause respiratory tract irritation.
Ingestion	:	May be harmful if swallowed.
Skin	:	May be harmful if absorbed through skin. May cause skin irritation.
Eyes	:	Causes serious eye irritation.

12. Ecological information

No data available.

13. Disposal considerations

Dissolve or mix the material with a combustible solvent and burn in a chemical incinerator equipped with an after burner and scrubber.
Observe all federal, state and local environmental regulations.

14. Transport information

Packaging	:	In Polythene bags kept in HDPE or Fiber Drums
ADR/RID	:	--
Labelling regulation	:	Not regulated as a hazardous material
UN Number	:	--
IMDG	:	--
IATA	:	--

THEOPHYLLINE**MSDS/FP/051****Version: 1.6/February 01, 2019****15. Regulatory information**

This safety datasheet complies with the requirements of Regulation (EC) No. 1272/2008.

16. Other information**Text of H-code(s) mentioned in Section 3**

H301 : Toxic if swallowed

The above information is believed to be correct but does not purport to be all-inclusive & shall be used only as a guide. The information in this document is based on the present state of our knowledge & is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product. Kores (India) Limited shall not be held liable for any damage resulting from the handling or use of the above product.
